# 1 OPENING

In accordance with Section 5.44 of the *Local Government Act 1995* the Director Business Life of the Town of Victoria Park opened the Audit Committee Meeting at 5.00pm and conducted an election for the position of Presiding Member pursuant to Schedule 2.3 Division 1 of the said Act. (See attachment 1)

At the close of nominations for the Presiding Member there was only one received that being from Councillor Vince Maxwell for the Mayor Trevor Vaughan. The Director of Business Life therefore declared Mayor Trevor Vaughan duly elected as the Presiding Member of the Audit Committee until 17 October 2015. The Director of Business Life handed over the Chair of the meeting to the Presiding Member, Mayor Trevor Vaughan

# 6 **REPORTS**

# 6.1 Auditor's Interim Audit Report – 2012-2013 Financial Year

File Reference:	FIN0001				
Appendices:	Yes				
Date:	28 November 2013				
Reporting Officer:	N Cain				
<b>Responsible Officer:</b>	N Cain				
Voting Requirement: Simple Majority					
Executive Summary:					
Recommendation – That Council notes the Auditor's Interim Audit Report and					
supports the Management Responses to those comments.					
• This item presents the matters raised in the Auditor's Interim Report together with the					
responses provided by Management to those matters.					

# TABLED ITEMS:

Nil

# BACKGROUND:

Each year, as part of Council's audit process, an Interim Audit is undertaken to ascertain areas of potential review associated with Council's financial systems / processes. The advice received through the interim audit is then assessed by Management who note the comments and take action as required. The findings of the Interim Audit, together with responses from Management, are now presented for Committee's consideration and recommendation to Council. The time difference between the Interim Audit and presentation of this report is primarily due to the time of year when the Interim Audit was done (i.e. coincided with budget, end of financial year, etc) as well as the need to carry out some internal testing at the request of the Auditors.

# DETAILS:

As part of Council's committee structure, the Audit Committee has been established to review areas of an audit or compliance nature. The Auditor's Interim Audit is summarised in the following report. It is to be noted that the Interim Audit is primarily concerned with a review of internal controls / practices / procedures and Management's compliance with those controls. The Interim Audit reports on an exception basis those items that require Management's attention and does not seek to point out all the strong internal controls in place.

# Legal Compliance:

Local Government Act 1995 (as amended) and associated Regulations Australian Accounting Standards International Financial Reporting Standards

# Policy Implications:

Nil

Strategic Plan Implications: Nil

Financial Implications: Internal Budget: Nil

<u>Total Asset Management:</u> Nil

Sustainability Assessment: External Economic Implications: Nil

<u>Social Issues:</u> Nil

Cultural Issues: Nil

Environmental Issues: Nil

# COMMENT:

Matters raised by the Auditor, and Management's response to each matter, are as follows:

# BANK RECONCILIATIONS

(i) Monthly bank reconciliations for the Municipal bank account are performed by the Senior Finance Officer and reviewed by the Manager Financial Services.

Our review of the monthly bank reconciliations for the financial year revealed that in a few instances there was no evidence identifying the preparer and the date when the reconciliations were performed. Further, we were unable to ascertain when the bank reconciliations were reviewed.

We recommend that the monthly bank reconciliations:

- a) be initialled and dated by the preparer as evidence of identifying the preparer and that the bank reconciliations have been performed.
- b) be dated when the review has been carried out to provide evidence that it has been promptly done.

# Management Comments:

Management acknowledges the comments made by the Auditors and has implemented a process that complies with the recommendation.

(ii) During our review of the bank reconciliation as at 30 April 2013 for the Municipal Fund we noted that the unpresented cheque listing included a number of old cheques which were more than 12 months old. Some of these stale cheques may no longer be presented at the bank and should therefore be written back.

We recommend that the unpresented cheque listing be reviewed on a regular basis to ensure that there are no old outstanding cheques in the list. Any long outstanding cheques should be investigated and cleared from the system, as appropriate.

# Management Comments:

Management agrees with the observations as stated. The process of writing back stale cheques has commenced and, in accordance with legislative requirements and where required, the Department of Treasury and Finance has been advised with regards to unclaimed monies.

# PURCHASES AND PAYMENTS

As part of our audit, we carried out a review of the purchasing and payments system. Our audit procedures have been designed to determine appropriate means for selecting items for testing so as to gather sufficient appropriate audit evidence to meet the objectives of the audit procedures. Our audit procedures have been designed to also determine whether purchases of goods/services were in accordance with Council's purchasing policy.

Generally the controls surrounding purchases, creditors and payments are appropriate to meet the Council's requirements.

However, the following matters were noted as requiring attention:

- (i) Discussion with the Acting Finance Officer Purchasing and our review of the procurement system revealed that the online purchasing module permits :
  - System generated purchase order numbers to be altered manually,
  - Users to backdate the purchase orders dates, and
  - Duplicate purchase order numbers to be used.

The above weaknesses increases the risk of duplicated orders being raised, lack of control over completeness of orders issued (i.e. not issued in sequential order) and allows purchase orders to be raised after the goods and services have been supplied and invoices received.

## Management Comments:

Management agrees with the observations as stated. The risks have now being eliminated through the implementation of the Online Requisitioning System. The Online requisitioning system automates the process of the purchase orders issued and provides effective control and monitoring system.

(ii) During our testing, we noted 3 instances (14 samples tested) where purchase orders were raised only after the goods and services have been supplied and invoices received.

As this increases the risk of unauthorised purchases being made, we request that purchase orders be raised when the goods and services are ordered and not after the goods and services have been received. This will ensure that goods and services have been obtained at the most competitive prices and ensure adherence to Council's purchasing policy.

# Management Comments:

Management agrees with the observations as stated. The risks have now being eliminated through the implementation of the Online Requisitioning System.

(iii) Our review of the Town's procurement procedure indicated that the purchase requisition is a primary source document which needs to be completed and properly authorised in order to process the purchase order. A copy of the purchase requisition must also be attached to the purchase order and invoice when presenting the documents for payment.

During our testing, we noted 4 instances (out of 14 samples tested) where purchase requisitions were approved by the staff members outside their delegated limits.

We recommend that the correct authorisation limits be adhered to in order to maintain effective control over purchase requisition approval. Authorisations that fall outside an officer's limit must be taken to a more senior level for authorisation. We also recommend that these limits be reviewed on an annual basis to ensure matching of an authorised officer's delegated purchasing levels to their purchasing requirements in daily operations.

# Management Comments:

Management notes the observations as stated. The Online Requisitioning System that has been implemented only allows staff with the appropriate delegated limit to authorise requisitions and therefore this risk has now been eliminated.

(iv) We noted 10 instances (14 Samples tested) where supplier invoices were processed and paid without the appropriate payment authorisation. These invoices have been authorised by the officers outside their delegated limits.

We recommend that procedures be put in place to ensure that only properly authorised invoices are processed for payment. As this will reduce the risk of unauthorised purchases and payments being made and ensuring adherence to Town's purchasing policy.

# Management Comments:

Management notes the observations and have notified all staff to ensure that they adhere to their delegation limits. In order to eliminate the risk management has already commenced on the process implementing an Online Invoice approving system that will only allow officers with the necessary delegation limit to approve invoices.

# CREDITORS

(i) Our review of the monthly creditor's reconciliation for the financial year revealed that in 2 instances there was no evidence that the reconciliations for creditors, between the general ledger control account and the subsidiary ledger were reviewed by a senior officer.

We recommend that the reconciliations be reviewed by a senior officer who should initial and date the document to indicate that the prompt review has been carried out.

# Management Comments:

Management notes the observations as stated and will ensure that the monthly reports are signed and dated appropriately. The reconciliation between the general ledger control accounts and the subsidiary is checked every day for all subsidiaries by producing a module balance report and ensuring that they are in balance.

 (ii) From our review and discussion with staff, we noted that new suppliers are set up on the system by Accounts Payable Officer based on the information available on the supplier's invoice (i.e. Australian Business Numbers (ABNs), bank account details, etc.)

We noted that there is no formal document used for the creation of new suppliers. Also, the creation and amendments to creditor master files are not reviewed. Lack of such control may provide opportunities for fraudulent/inappropriate payments to be processed i.e. via setting up false companies and/or bank accounts.

As the system of good internal control is the cornerstone in relation to the reliability of the information produced by the accounting system, we recommend that the standard "New Creditors/Supplier Creation" form be used and authorised by independent senior officer. Also amendments to creditor master files are reviewed by an independent senior officer. This will ensure that information entered has been properly verified and the creditors on the system are valid.

# Management Comments:

Management agrees with the observations as stated. A report to monitor any changes to the creditors list has been created and is printed with each creditor pay-run and is reviewed by Management.

# <u>RATES</u>

The Council's rating procedures were reviewed to ensure that they were in compliance with statutory requirements and that rates have been imposed correctly. This also included a review of the rate notices issued and the process of reconciliation of the Valuer General's reports to the Rates Ledger.

We checked a limited number of property assessments from the Rates Ledger to ensure that the rates calculations, raising and postings to the Rates and General Ledger were correctly performed. The following matters were noted and are brought to your attention:

(i) We noted that there was no evidence of review on the interim rates valuation reconciliations by a senior officer.

We recommend that the interim rates valuation reconciliations be initialled by the senior officer as evidence that the reviews have been performed.

# Management Comments:

Management notes the observations as stated. The valuation was reviewed however a signature to confirm the review was not done. Management will ensure that the officer reviewing the interim rates valuation initials the document.

(ii) We noted that the rates ledger is reconciled with the rates general ledger control accounts by the Senior Rates Officer. However, there is no evidence of review of these reconciliations by an independent senior officer

We recommend that the monthly rates reconciliations be initialled by the senior officer as evidence that the reviews have been performed.

# Management Comments:

Management notes the observations as stated. The monthly rates reconciliations are reviewed by the Manager of Finance each month, however was not initialled. Management will ensure this is done in future.

# SUNDRY DEBTORS

We examined the policies and procedures in relation to debtors invoicing, receipting, banking and debt collection. The debtors system, including raising of invoices, was reviewed with limited testing for some transactions.

We were satisfied that the reconciliations for sundry debtors between the general ledger control account and the subsidiary ledger have been performed and completed properly.

However, the following matter was noted during our review and is brought to your attention:

(i) Our review of the sundry debtors aged trial balance report as at 30 April 2013 indicated that \$ 128,861 (approximately 53%) from the total outstanding debts of \$ 240,930 (excluding GST receivables) were in the 90 days and over category.

Some of the large and overdue accounts in the 90 days and over category which existed in the report are:

Debtors Name	Account Number	Amount \$
Western Australian Taekwondo	595	3,812.50
United Corporation	978	1,216.50
R J Griffiths	191	7,795.18
Your PT Expert	599	7,090.56
Attorney Generals	861	11,000.00
Various other accounts		97,946.89
Total		128,861.63

We understand that there is an ongoing review process by Management of outstanding accounts.

As auditors, we have a responsibility to bring the matter to the Council's attention and will continue to review the progress and the processes undertaken by the management to recover these debts.

We recommend that the Management review all long overdue and other accounts and where the debts have been proven unrecoverable, consideration be given to writing off the debts with proper approval.

# Management Comments:

Management agrees with the proposed recommendations relating to the management of aged sundry debtors and has currently implemented a process to address this concern.

# RECEIPTING

Detailed testings of a number of receipts were performed. These included tracing to individual receipt details, bank deposits, bank statements and the general ledger to ensure allocations/postings were correctly performed and were reasonable.

The following matters were noted and brought to your attention:

(i) As part of our receipt numbers sequence check, we found that the receipt listing reports showed missing receipt numbers. We were unable to provide any satisfactory explanations for these missing numbers.

Accounting for missing receipt numbers is an important internal control function in providing assurance that all collections have been properly accounted for and banked. We therefore request that this matter be addressed with your IT staff / software

provider with a view to resolving the issue mentioned above.

# Management Comments:

Management notes the observations as stated and will ensure that the appropriate process is implemented.

(ii) Cancelled / voided receipts are listed in the daily "Receipt Listing Prior to Closing" report. However, there is no evidence of review by a senior officer independent of cashiering function.

Cancelled receipts can be used to cover up misappropriation or cash discrepancies. We recommend that all cancelled/voided receipts be separately filed and reviewed and signed by a senior officer to provide evidence that the review has been carried out.

# Management Comments:

Management notes the observations as stated and will ensure that the appropriate process is implemented.

# PAYROLL

We examined the Town's payroll system in the following areas:

- Reviewing the policies and procedures at the Town in relation to the Payroll system
- Staff additions and terminations
- Changes to employees pay, including variations to pay
- Authorisation and monitoring of leave taken by employees
- Processing of payroll
- Segregation of duties

The following matters were noted and are brought to your attention:

(i) Our discussion with the payroll officer indicated that amendments to the employee master file can be done only by authorised personnel. However, no master file audit log report is generated and reviewed independently by senior officer. An independent review of the amendments to the employee master file reduces the risk that unauthorised or incorrect changes go undetected.

As payroll is a significant area of expenditure for the Town, we strongly recommend an audit log report be produced which captures all employee master file changes on a fortnightly basis. The report should be reviewed and signed off by an independent senior officer.

## Management Comments:

Management notes the observations as stated and will ensure that the appropriate process is implemented.

(ii) We reviewed a copy of the 'Employee Leave Accrued Report' as at 6 June 2013. It was found 18 employees had over 10 weeks annual leave accrued. The largest annual leave accrued to an employee was a total of 22 weeks.

Excess leave entitlements can have adverse effects on the council, including an ever increasing liability as salary rates increase over time. Having large leave balances also exposes the council to significant payouts when employees leave the organisation.

We have drawn Management's attention to this matter in our previous management letter dated 25 September 2012.

# Management Comments:

Management notes the observations and acknowledges that ALL leave balances are cash-backed through leave provisions. The leave balances are under review and, where required, action is currently been taken to reduce these balances.

(iii) We noted that the payroll reports for each individual business division are being reviewed and authorised by relevant Executives of each division. However, this is done only after the payroll has been processed and paid.

We recommend that the payroll reports for each individual business division are being reviewed and authorised by relevant Executives of each division before the payments to ensure that payments to employees are valid.

## Management Comments:

Management notes the observations and will take measures towards meeting this recommendation.

# **INVESTMENT OF FUNDS**

We conducted a review of the investment of funds by the Town of Victoria Park at the time of our interim audit visit.

An investment policy exists, which provides general guidelines as to the levels of risk and exposure for the various types of investments that can be placed.

The Council manages its own investments. All investments placed appear to be appropriately documented, authorized and correctly recorded in the Council's Investment Register.

However, the following matter was noted and is brought to your attention:

- (i) Our review of the policy indicates that it does not contain key elements as stipulated in the Department of Local Government Guideline 19 for investments. The guideline stipulates that at a minimum, a local government investment policy should:
  - include the investment objectives of the local government;
  - define the risk aversion of the local government;

- preserve capital, provide liquidity and the anticipated returns for the investment portfolio;
- comply with legislative requirements;
- prohibit the purchase of speculative financial instruments;
- prohibit the use of leveraging of an investment portfolio;
- prohibit the use of the investment portfolio for speculation;
- specify an acceptable instrument list;
- require investments of the local government to be regularly re-valued to reflect prevailing market prices;
- include independent financial assessments of the value of the investment portfolio for Council;
- require investments that are downgraded to below an ac ceptable rating benchmark to be liquidated;
- where applicable, document the process to choose an external investment manager.

We recommend that the Investment of Surplus Funds policy be updated in line with the Department of Local Government's guideline. This will assist in providing guidance on various matters to be considered when investing surplus monies required for the future.

Regulation 19 of the Local Government (Financial Management) Regulations 1996 stipulates that a local government is to establish and document internal control procedures to be followed by employees to ensure control over investments.

We noted that there are no formal established and documented internal control procedures existing with regards to placement of Council's surplus funds i.e. recording of interest quotes from banks, confirmation and authorisation of deals, etc. Current practice appears to be at the discretion of officers responsible for this function.

We recommend that a formal internal control procedural document be created to fully comply with the regulation.

# Management Comments:

Management notes the observations as stated and will ensure that the investment policy is updated and an appropriate process is implemented to ensure that proper internal control is maintained relating to the placement of Council's surplus funds.

# **RECOMMENDATION/S:**

Moved: Mayor Trevor Vaughan

Seconded: Councillor Vince Maxwell

That Council notes the comments arising from the Auditor's 2012-2013 Interim Audit and supports the Management responses to those comments.

CARRIED: (2-0)

# 6.2 Independent Audit Report and Annual Financial Report – 2012-2013 Financial Year

File Reference:	FIN0001
Appendices:	Yes

Date:	28 November 2013
Reporting Officer:	N Cain
Responsible Officer:	N Cain
Voting Requirement:	Simple Majority

# **Executive Summary:**

Recommendation – That Council acknowledges the Independent Audit Report, and accepts the Annual Financial Report, for the 2012-2013 Financial Year, as included in the Appendices, noting that :

- 1. There were no issues of non-compliance found during the 2012-2013 Annual Audit, and
- 2. That no inaccuracy with the Town's Annual Financial Report for the year ended 30 June 2013 has been noted by the Auditor.
  - This item presents matters arising from the Independent Audit conducted by Council's Auditor, Mr Tony Macri. It should be noted that no issues of inaccuracy or non-compliance with the City's Annual Financial Report for the year ended 30 June 2013 have been identified.

# TABLED ITEMS:

Nil

# BACKGROUND:

Each year, as part of Council's audit process, an independent Audit is undertaken to assess Council's Annual Financial Report and the legitimacy and accuracy of Council's accounts. An Independent Audit Report is then produced by the Auditor and provided to the Chief Executive Officer, Mayor and the Minister (Department for Local Government). The Independent Audit Report is included in Council's Annual Report. Any issues arising from the Independent Audit Report are to be investigated and action taken to resolve those issues.

A representative from Council's Auditor, Macri Partners, will also be in attendance at the meeting to speak to the Audit and take questions from Committee members.

# DETAILS:

As part of Council's committee structure, the Audit Committee has been established to review areas of an audit or compliance nature. The Independent Audit is presented in the Appendices.

# Legal Compliance:

*Local Government Act 1995* (as amended) and associated Regulations Australian Accounting Standards International Financial Reporting Standards **Policy Implications:** Nil

Strategic Plan Implications: Nil

Financial Implications: Internal Budget: Nil

<u>Total Asset Management:</u> Nil

Sustainability Assessment: External Economic Implications: Nil

<u>Social Issues:</u> Nil

Cultural Issues: Nil

Environmental Issues: Nil

# COMMENT:

The Independent Audit was undertaken in October 2013 (Refer to Appendices) and highlights no areas of non-compliance with the *Local Government Act 1995*.

# CONCLUSION:

The Independent Audit Report reports that the current systems in place at the Town are financially sound and that the Annual Financial Report has been found to be accurate and in accordance with the required legislation. Accordingly, it is recommended that the Independent Audit Report, and Annual Financial Report, as presented, be accepted.

# **RECOMMENDATION/S:**

Moved: Council Vince Maxwell

Seconded: Mayor Trevor Vaughan

That Council acknowledges the Independent Audit Report, and accepts the Annual Financial Report, for the 2012-2013 Financial Year, as included in the Appendices, noting that:

- 1. There were no issues of non-compliance found during the 2012-2013 Annual Audit, and
- 2. That no inaccuracy with the Town's Annual Financial Report for the year ended 30 June 2013 has been noted by the Auditor.

### Town of Victoria Park Financial Report For the year ended 30 June 2013

Local Government Act 1995

Local Government (Financial Management) Regulations 1995

## Statement by the Chief Executive Officer

The attached Financial Report of the T own of Victoria Park, being the Annual Financial Report and Supporting Notes and other information for the financial year ended 30 June 2013, are, in my opinion, properly drawn up to present fairly the financial position of the Town of Victoria Park at 30 June 2013 and the results of the operations for the financial year then ended in accordance with the Au stralian Accounting Standards and comply with the pro visions of the *Local Government Act 1995* and Regulations under the Act.

Signed as authorisation for issue on the 21<sup>st</sup> day of November 2013.

Kypon

Athanasisos (Arthur) Kyron Chief Executive Officer

### Town of Victoria Park Notes to, and forming part of, the Financial Report For the year ended 30 June 2013

### **1 Significant Accounting Policies**

The significant accounting policies that have been adopted in the preparation of this financial report are presented below and have been consistently applied unless stated otherwise.

### (a) Basis of Preparation

The financial report is a general purpose financial statement that has been prepared in accordance with Australian Accounting Standards (as they ap ply to local governments and not-for-profit entities), Australian Accounting Interpretations, other authoritative pronouncements of the Australian Accounting Standards Board, the *Local Government Act 1995* and accompanying Regulations.

Except for cash flow and rate setting information, the report has also been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

### Critical Accounting Estimates

The preparation of a financial report in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of a ssets and liabilities that are not readily apparent from other sources. Actual results may differ from the se estimates.

## (b) The Local Government Reporting Entity

All Funds through which the Council controls resources to carry on its functions have been included in the fin ancial statements forming part of this financial report.

In the process of reporting on the local government as a single unit, all transactions and balances between those Funds (for example, loans and transfers between Funds) have been eliminated.

All monies held in the T rust Fund are excluded from the financial statements. A separate statement of those monies appears at Note 19 to these financial statements.

### (c) Goods and Services Tax

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).

Receivables and payables are stated inclusive of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with receivables or payables in the statement of financial position.

Cash flows are presented on a Gross basis. The GST components of cash flows a rising from investing or financing activities that are recoverable from, or payable to, the ATO are presented as operating cash flows.

### Town of Victoria Park Notes to, and forming part of, the Financial Report For the year ended 30 June 2013

### **1 Significant Accounting Policies (continued)**

### (e) Trade and Other Receivables

Trade and ot her receivables include amounts due from rate payers for unpaid rates and service charges and other amounts due from third parties for goods sold and services performed in the ordinary course of business.

Receivables expected to be collected within 12 months of the end of the reporting period are classified as current assets. All other receivables are classified as non-current assets.

Collectability of trade and other receivables is reviewed on an ongoing basis. Debts that are known to be uncollectible are written off when identified. An allowance for doubtful debts is raised when there is objective evidence that they will not be collectible.

### (f) Inventories

### General

Inventories are measured at the lower of cost and net realisable value.

Net realisable value is t he estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

### Land Held for Resale

Land purchased for development and/or resale is valued at the lower of cost and net realisable value. Cost includes the cost of acquisition, development, borrowing costs and holding costs until completion of development. Finance costs and holding charges incurred after development is completed are expensed.

Gains and losses are recognised in the statement of comprehensive income at the time of signing an unconditional contract of sale if significant risks and rewards, and effective control over the land, are passed on to the buyer at this point.

Land held for resale is classified as current except where it is held as non-current based on Council's intentions to release for sale.

# **1 Significant Accounting Policies (continued)**

## (g) Fixed Assets

Each class of fixed assets is carried at cost or fair value as indicated less, where applicable, any accumulated depreciation and impairment losses.

# Mandatory Requirement to Revalue Non-Current Assets

Effective from 1 July 201 2, the *Local Government (Financial Management) Regulations 1996* were amended and the measurement of non-current assets at Fair Value became mandatory.

The amendments allow for a phasing in of fair value in relation to fixed assets over three years as follows:

(a) for the financial year ending on 30 June 2013, the fair value of all of the assets of the local government that are plant and equipment; and

(b) for the financial year ending on 30 June 2014, the fair value of all of the assets of the local government -

- (i) that are plant and equipment; and,
- (ii) that are -
  - (a) land and buildings; or
  - (b) infrastructure;

and

(c) for a financial year ending on or after 30 June 2015, the fair value of all of the assets of the local government.

Thereafter, in accordance with the Regulations, each asset class must be revalued at least every 3 years.

Notwithstanding the adjustments to the abovementioned Regulations, the Town of Victoria Park has commenced the process of adopting Fair Values that exceed the requirements of the Regulations. The Town of Victoria Park has incorporated into these a ccounts, valuations for Land, Buildings, Plant and Machinery, Furniture and Equipment and Parks / Reserves Infrastructure. The remaining asset classes will have their fair value incorporated for a financial year ending on, or before, 30 June 2015.

Relevant disclosures, in accordance with the requirements of Australian Accounting Standards, have been made in the financial report as necessary.

## Land Under Control

In accordance with Local Government (Financial Management) Regulation 16(a), the Council is required to include as an asset (by 30 June 2013), Crown Land operated by the local gov ernment as a golf course, showground, racecourse or other sporting or recreational facility of State or regional significance.

Upon initial recognition, these assets were recorded at cost in accordance with AASB 116. They were then classified as Land and revalued along with other land in accordance with the other policies detailed in this Note.

Whilst they were initially recorded at cost, fair value at the date of acquisition was deemed cost as per AASB 116.

# **1 Significant Accounting Policies (continued)**

Consequently, these assets were initially recognised at cost but revalued along with other items of Land and Buildings at 30 June 2013.

## Initial Recognition

All assets are initially recognised at cost. Cost is determined as the fair value of the assets given as consideration plus costs incidental to the acquisition. For assets acquired at no cost or for nominal consideration, cost is determined as fair value at the date of acq uisition. The cost of non-current asset s constructed by the Council includes the cost of all materials used in construction, direct labour on the project and an appropriate proportion of variable and fixed overheads.

Subsequent costs are included in the a sset's carrying amount or recognised as a separate asset, as ap propriate, only when it is probable that future economic benefits associated with the item will flow to the Co uncil and the cost of the item can be measured reliably. All other repairs and maintenance are recognised as expenses in the statement of comprehensive income in the period in which they are incurred.

When performing a revaluation, the Council uses a mix of both independent and management valuations using the following as a guide:

Revalued assets are carried at their fair value being the price that would be received to sell the asset, in an orderly transaction between market participants at the measurement date.

For land and buildings, fair value will be determined based on the nature of the asset class. For land and non-specialised buildings, fair value is determined on the basis of observable open market values of similar assets, adjusted for conditions and comparability at their highest and best use.

With regards to spe cialised buildings, fair value is deter mined having regard for current replacement cost and both observable and unobservable costs. These include construction costs based on recent contract prices, current condition, residual values and remaining useful life assessments.

For infrastructure and other asset classes, fair value is determined to be the current repl acement cost of an asset less, where applicable, accumulated depreciation calculated on the basis of such cost to reflect the already consumed or expired future economic benefits of the asset.

Increases in the carrying amount arising on revaluation of assets are credited to a revaluation surplus in equity. Decreases that offset previous increases of the same asset are recognised against revaluation surplus directly in equity. All other decreases are recognised in profit or loss.

Any accumulated depreciation at the date of revaluation is eliminated against the gross carrying amount of the asset and the net amount is restated to the revalued amount of the asset.

Those assets carried at a revalue d amount, being their fair value at the date of revaluation less an y subsequent accumulated depreciation and accumulated impairment losses, are to be revalued with sufficient regularity to ensure the carrying amount does not differ materially from that determined using fair value at reporting date.

## **1 Significant Accounting Policies (continued)**

In addition, the amendments to the Financial Management Regulations mandating the use of Fair Value impose a further minimum of 3 years revaluation requirement. As a minimum, all assets carried at a revalued amount, will be revalued at least every 3 years.

## Transitional Arrangement

During the time it takes to transition the carrying value of non-current assets from the cost approach to the fair value approach, the Council may still be utilising both methods across differing asset classes.

Those assets carried at cost will be carried in accordance with the policy detailed in the Initial Recognition section as detailed above.

Those assets carried at fair value will be carried in accordance with the Revaluation Methodology section as detailed above.

#### Early Adoption of AASB 13 - Fair Value Measurement

Whilst the new accounting stand ard in relation to Fair Value, AASB 13 – Fair Value Measurement does not become applicable until the year ended 30 June 2014 (in relation to Council), given the legislative need to commence using Fair Value methodology for this reporting period, the Council chose to early adopt AASB 13 (as allowed for in the standard).

As a consequence, the principles embodied in AASB 13 – Fair Value Measurement have been applied to this reporting period (year ended 30 June 2013).

Due to the n ature and timing of the ad option (driven by legislation) the adoption of this standard has had no effect on previous reporting periods.

#### Land Under Roads

In Western Australia, all land under roads is Crown land, the responsibility for managing which, is vested in the local government.

Effective as at 1 July 2008, Council elected not to recognise any value for land under roads acquired on or before 30 June 2008. This accords with the treatment available in Australian Accounting Standard AASB 1051 Land Under Roads and the fact Regulation 16 of the *Local Government (Financial Management) Regulations 1996* prohibits local governments from recognising such land as an asset.

In respect of land under roads acquired on or after 1 July 2008, as detail ed above, Regulation 16 of the *Local Government (Financial Management) Regulations 1996* prohibits local governments from recognising such land as an asset.

Whilst such treatment is inconsistent with the requirements of AASB 1051, Regul ation 4 of the *Local Government* (*Financial Management*) Regulations 1996 provides, in the ev ent of such an inconsistency, the *Local Government* (*Financial Management*) Regulations 1996 prevail. Consequently, any land under roads acquired on or after 1 July 2008 is not included as an asset of the Council.

# **1 Significant Accounting Policies (continued)**

#### Depreciation of Non-Current Assets

All non-current assets having a limited useful life (excluding freehold land) are systematically depreciated over their useful lives in a manner which reflects the consumption of the future economic benefits embodied in those assets.

Assets are depreciated from the date of acquisition or, in respect of internally constructed assets, from the time the asset is completed and held ready for use.

Depreciation is recognised on a straight-line basis, using rates that are reviewed each reporting period. Major depreciation periods are:

Buildings Furniture and Equipment Plant and Equipment Sealed roads and streets			to 50 years 4 to 10 years 5 to 15 years
formation	not		depreciated
pavement	50		years
seal			
<ul> <li>bituminous seal</li> </ul>	S	20	years
<ul> <li>asphalt surfaces</li> </ul>	S		25 years
Gravel roads			
formation	not		depreciated
pavement	50		years
Formed Roads			
formation	Not		depreciated
pavement	50		years
Foot paths - slab			20 years
Sewerage piping	100		years
Water supply piping and	drainage syster	ns	75 years

The asset residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains and losses are included in the statement of comprehensive income in the period in which they arise. When revalued assets are sold, amounts included in the revaluation surplus relating to that asset are transferred to retained surplus.

## Capitalisation Threshold

Expenditure on items of equipment under \$2,000 is not capitalised. Rather, it is recorded on an asset inventory listing.

# **1 Significant Accounting Policies (continued)**

## (h) Intangible Assets

## Easements

The Council has determined that under AASB 138, easement s are valued on an hi storical cost basis, because it is unlikely that an active market in easements exists to allow for fair value measurement.

Due to acquisition cost of easements being nil, no easements have been included in the financial report.

## (i) Financial Instruments

## Initial Recognition and Measurement

Financial assets and financial liabilities are recognised when the Council becomes a party to the contractual provisions to the instrument. For financial assets, this is equivalent to the date that the

Council commits itself to either the purchase or sale of the asset (i.e. trade date accounting is adopted).

Financial instruments are initially measured at fair value plus transaction costs, except where the instrument is classified 'at fair value through profit of loss', in which case transaction costs are expensed to profit or loss immediately.

## Classification and Subsequent Measurement

Financial instruments are subsequently measured at fair value, amortised cost using the effective interest rate method, or cost.

Fair value represents the amount for which an asset could be exchanged or a liability settled, between knowledgeable, willing parties. Where available, quoted pri ces in an active market are used to det ermine fair value. In other circumstances, valuation techniques are adopted.

Amortised cost is calculated as:

- (a) the amount in which the financial asset or financial liability is measured at initial recognition;
- (b) less principal repayments;
- (c) plus or minus the cumulative amortisation of the difference, if any, between the amount initially recognised and the maturity amount calculated using the effective interest rate method; and
- (d) less any reduction for impairment.

The effective interest method used is to allocate interest income or interest expense over the relevant period and is equivalent to the rate that discounts estimated future cash payments or receipts (including fees, transaction costs and other premiums or discounts) through the expected life (or when this cannot be reliably predicted, the contractual term) of the financial instrument to the net carrying amount of the financial asset or financial liability. Revisions to expected future net cash flows will necessitate an adjustment to the carrying value with a consequential recognition of an income or expense in profit or loss.

# **1 Significant Accounting Policies (continued)**

#### Financial assets at fair value through profit and loss

Financial assets at fair value through profit or loss a re financial assets held for trading. A financial asset is classified in this category if acquired principally for the purpose of selling in the short term. Derivatives are classified as held for trading unless they are designated as hedges. Assets in this category are classified as current. They are subsequently measured at fair value with changes to carrying amount being included in profit or loss.

#### Loans and receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market and are subsequently measured at amortised cost. Gains or losses are recognised in profit or loss.

Loans and receivables are included in current assets where they are expected to mature within 12 months after the end of the reporting period.

#### Held-to-maturity investments

Held-to-maturity investments are non-derivative financial assets with fixed maturities and fixed or determinable payments that the Council's management has the positive intention and ability to hold to maturity. They are subsequently measured at amortised cost. Gains or losses are recognised in profit or loss.

Held-to-maturity investments are included in current assets where they are expected to mature within 12 months after the end of the reporting period. All other investments are classified as non-

#### Available-for-sale financial assets

Available-for-sale financial assets are non-derivative financial assets that are either not suitable to be classified into other categories of financial assets due to their nature, or they are designated as such by m anagement. They comprise investments in the equity of other entities where there is neither a fixed maturity nor fixed or determinable payments.

They are subsequently measured at fair value with changes in such fair value (i.e. gains or losses) recognised in other comprehensive income (except for impairment losses). When the financial asset is derecognised, the cumulative gain or loss pertaining to that asset previously recognised in other comprehensive income is reclassified into profit or loss.

Available-for-sale financial assets are included in current assets, where they are expected to be sold within 12 months after the end of the reporting period. All other available-for-sale financial assets are classified as non-current.

#### Financial liabilities

Non-derivative financial liabilities (excluding financial guarantees) are subsequently measured at amortised cost. Gains or losses are recognised in profit or loss.

# **1 Significant Accounting Policies (continued)**

#### Impairment

At the end of each reporting period, the Council assesses whether there is objective evidence that a financial instrument has been impaired.

A financial asset is deemed to be impaired if, and only if, there is objective evidence of impairment as a result of one or more events having occurred, which will have an impact on the estimated future cash flows of the financial asset(s).

In the case of available-for-sale financial instruments, a significant or prolonged decline in the market value of the instrument is considered a loss event. Impairment losses are recognised in profit or I oss immediately. Also, any cumulative decline in fair value previously recognised in other comprehensive income is reclassified to profit or loss at this point.

#### Derecognition

Financial assets are derecognised where the contractual rights to receipt of cash flows expire or the asset is transferred to another p arty whereby the Coun cil no longer has any sig nificant continual involvement in the risks and be nefits associated with the asset.

Financial liabilities are derecognised where the related obligations are discharged, cancelled or expired. The difference between the carrying amount of the financial liability extinguished or transferred to another party and the fair value of the consideration paid, including the transfer of non-cash assets or liabilities assumed, is recognised in profit or loss.

## (j) Impairment

In accordance with Australian Accounting Standards the Council's assets, other than inventories, are assessed at each reporting date to determine whether there is any indication they may be impaired.

Where such an indication exists, an impairment test is carried out on the asset by comparing the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value in use, to the asset's carrying amount.

Any excess of the asset's carrying amount over its recoverable amount is recognised immediately in profit or loss, unless the asset is carried at a revalued amount in accordance with another standard (e.g. AASB 116) whereby any impairment loss of a revalued asset is treated as a revaluation decrease in accordance with that other standard.

For non-cash generating assets such as roads, drains, public buildings and the like, value in use is represented by the depreciated replacement cost of the asset.

## (k) Trade and Other Payables

Trade payables and other payables represent liabilities for goods and services provided to the Council prior to the end of the financial year that are unpaid and arise when the Council becomes obliged to make future payments in respect of the purchase of these goods and services. The amo unts are unsecured, are recognised as a current li ability and are normally paid within 30 days of recognition.

# **1 Significant Accounting Policies (continued)**

## (I) Employee Benefits

Provision is made for the Council's liability for employee benefits arising from services rendered by employees to the end of the reporting period. Employee benefits that are expected to be settled within one year have been measured at the amounts expected to be paid wh en the liability is settled. Employee benefits payable later than one year have been measured at the present value of the estimated future cash outflows to be made for those benefits. In determining the liability, consideration is given to employee wage increases and the probability that the employee may not satisfy vesting requirements. Those cash flows are discounted using market yields on national government bonds with terms to maturity that match the expected timing of cash flows.

## (m) Borrowing Costs

Borrowing costs are recognised as an expense when incurred except where they are directly attributable to the acquisition, construction or production of a qualifying asset. Where this is the case, they are capitalised as part of the cost of the particular asset.

## (n) Provisions

Provisions are recognised when the Council has a present legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

Provisions are measured using the best estimate of the amounts required to settle the obligation at the end of the reporting period.

## (o) Leases

Leases of fixed assets where substantially all the risks and benefits incidental to the ownership of the asset, but not legal ownership, are transferred to the Council, are classified as finance leases.

Finance leases are capitalised recording an asset and a liability at the lower amounts equal to the fair value of the leased property or the present value of the minimum lease payments, including any guaranteed residual values. Lease payments are allocated between the reduction of the lease liability and the lease interest expense for the period.

Leased assets are depreciated on a straight live basis over the shorter of their estimated useful lives or the lease term.

Lease payments for operating leases, where substantially all the risks and benefits remain with the lessor, are charged as expenses in the periods in which they are incurred.

Lease incentives under operating leases are recognised as a liability and amortised on a straight line basis over the life of the lease term.

# **1 Significant Accounting Policies (continued)**

## (p) Investments in Associates

Associates are entities in which the Council has significant influence through holding, directly or indirectly, 20% or more of the voting power of the Council. Investments in associates are accounted for in the financial statements by applying the equity method of accounting, whereby the investment is initially recognised at cost and adjusted thereafter for the post-acquisition change in the Council's share of net assets of the associate entity. In addition, the Council's share of the profit or loss of the associate entity is included in the Council's profit or loss.

The carrying amount of the investment includes goodwill relating to the associate. Any discount on acquisition, whereby the Council's share of the net fair value of the associate exceeds the cost of investment, is recognised in profit or loss in the period in which the investment is acquired.

Profits and losses resulting from transactions between the Council and the associate are eliminated to the extent of the Council's interest in the associate.

# (q) Joint Venture

The Council's interest in a joint venture has been recognised in the financial statements by including its share of any assets, liabilities, revenues and expenses of the joint venture within the appropriate line items of the financial statement. Information about the joint venture is set out in Note 18.

The Council's interests in joint venture entities are recorded using the equity method of accounting

Where the Council contributes assets to the joint venture or if the Council purchases assets from the joint venture, only the portion of the gain or loss that is not attributable to the Council's share of the joint v enture shall be recognised. The Council recognises the full amount of any loss when the contribution results in a reduction in the net realisable value of current assets or an impairment loss.

## (r) Rates, Grants, Donations and Other Contributions

Rates, grants, donations and other contributions are recognised as revenues when the local government obtains control over the assets comprising the contributions.

Control over assets acquired from rates is obtained at the commencement of the rating pe riod or, where earlier, upon receipt of the rates.

Where contributions recognised as revenues during the reporting period were obtained on the condition that they be expended in a particular manner or used over a particular period, and those conditions were undischarged as at the reporting date, the nature of and amounts pertaining to those undischarged conditions are disclosed in Note 2. That note also discloses the amount of contributions recognised as revenues in a previous reporting period which were obtained in respect of the local government's operations for the current reporting period.

## (s) Superannuation

The Council contributes to a number of Superannuation Funds on behalf of employees. All funds to which the Council contributes are defined contribution plans.

# **1 Significant Accounting Policies (continued)**

## (t) Current and Non-Current Classification

In the determination of whether an asset or liability is current or non-current, consideration is given to the time when each asset or liability is expected to be settled. The asset or liability is classified as current if it is expected to be settled within the next 12 months, being the Council's operational cycle. In the case of liabilities where the Council does not have the unconditional right to defer settlement beyond 12 months, such as vested long service leave, the liability is classified as current even if not expected to be settled within the next 12 months. Inventories held for trading are classified as current even if not expected to be realised in the next 12 months except for land held for resale where it is held as non-current based on the Council's intentions to release for sale.

# (u) Rounding Off Figures

All figures shown in this report, other than a rate in the dollar, are rounded to the nearest dollar.

# (v) Comparative Figures

Where required, comparative figures have been adjusted to conform to changes in presentation for the current financial year.

When the Council applies an accounting policy retrospectively, makes a retrospective restatement or reclassifies items in its financial statement, a statement of financial position as at the beginning of the earliest period will be disclosed.

## (w) Budget Comparative Figures

Unless otherwise stated, the budget comparative figures shown in this annual financial report relate to the original budget estimate for the relevant item of disclosure.

## (x) New Accounting Standards and Interpretations for Application in Future Periods

The AASB has issued a number of ne w and amended Accounting Standards and In terpretations that have mandatory application dates for future reporting periods, some of which are relevant to the Council.

Management's assessment of the new and ame nded pronouncements that are relevant to the Council, applicable to future reporting periods and which have not yet been adopted are set out as follows:

## AASB 9 – Financial Instruments

 Issued:
 December 2009

 Applicable:
 1 January 2013

 Impact:
 Nil – Th e objective of th is Standard is to im prove and simplify the app roach for classification and measurement of financial assets compared with the requirements of AASB 139. Given the nature of the financial assets of the Town, it is not anticipated the standard will have any material effect.

# **1 Significant Accounting Policies (continued)**

AASB 2012 - 6 Amendments to Australian Accounting Standards - Mandatory effective date of AASB 9 and T ransition

Disclosures Issued: September 2012

Applicable: Deferred AASB 9 until 1 January 2015

Impact: Nil – The objective of this Standard is to improve and simplify the approach for classification and measurement of financial assets compared with the requirements of AASB 139. Given the nature of the financial assets of the Council, it is not anticipated the standard will have any material effect.

AASB 2009–11 Amendments to Australian Accounting Standards arising from AASB 9 [AASB 1, 3, 4, 5, 7, 101, 102, 108, 112, 118, 121, 127, 128, 131, 132, 136, 139, 1023 and 1038 and Interpretations 10 and 12)

Issued: December 2009

Applicable: 1 January 2013

Impact: Nil – The revisions embodied in this standard give effect to the consequential changes arising from the issuance of AASB 9 which is not anticipated to have any material effect on the Council (refer (i) above).

AASB 2010 – 7 Amendments to Australian Accounting Standards arising from AASB 9 (December 2010) [AASB 1, 3, 4, 5, 7, 101, 102, 108, 112, 118, 120, 121, 127, 128, 131, 132, 136, 137, 139, 1023 and 1038 and Interpretations 2, 5, 10, 12, 19 and 127] Issued: December 2010

Applicable: 1 January 2013

Impact: Nil – The revisions embodied in this standard give effect to the consequential changes arising from the issuance of AASB 9 which is not anticipated to have any material effect on the Council (refer (i) above).

AASB 10 – Consolidated Financial Statements / AASB 11 – Join t Arrangements / AASB 12 – Disclosure of Interests in Other Entities / AASB 127 – Separate Financial Statements / AASB 128 – Investments in Associates and Joint Ventures / AASB 2011 – 7 Amendments to Australian Accounting Standards arising from the Consolidation and Joint Arrangement Standards [AASB 1, 2, 3, 5, 7, 9, 2009-11, 101, 107, 112, 118, 121, 124, 132, 133, 131, 138, 139, 1023 and 1038 and

Interpretations 5, 9, 16 and 17

Issued: August 2011

Applicable: 1 January 2013

Impact: Nil – None of these except for AASB 128, are expected to have significant application to the operations of the Council.

With respect to AASB 128, where the Council has an interest in a Joint Venture, the requirements of AASB 128 supersede those of the current Joint V enture Standard AASB 131. T he new standard more clearly defines the accounting treatment and disclosure in relation to it.

Due to the nature of the Joint Venture, it is not expected to have a significant impact on the Council.

# **1 Significant Accounting Policies (continued)**

AASB 2011 - 9 Amendments to Australian A ccounting Standards – Presentation of Items of Other Comprehensive

Income [AASB 1, 5, 7, 101, 112, 120, 121, 132, 133, 134, 1039 and 1049]

- Issued: September 2011
- Applicable: 1 July 2013

Impact: The main change embodied in this st andard is the requirement to group i tems presented in other comprehensive income on the basis of whether they are potentially reclassifiable to profit or loss subsequently. It effects presentation only and is not expected to significantly impact the Council.

AASB 119 – Employee Benefits / AASB 2011 – 10 A mendments to Australian Accounting Standards arising from AASB 19 [AASB 1, 8, 101, 124, 134, 1049 and 2011–8 and Interpretation 14]

- Issued: September 2011
- Applicable: 1 January 2013
- **Impact**: The changes in relation to defined b enefit plans contained in this stand ard are not e xpected to significantly impact the Council nor are the changes to AASBs in relation to termination benefits.

# AASB 2012-2 Amendments to Australian Accounting Standards – Disclosures – Offsetting Financial Assets and Financial Liabilities [AASB 7 and 32]

Issued: June 2012

Applicable: 1 January 2013

**Impact**: Principally amends AASB 7: Financial Instruments: Disclosures to require entities to include information that will enable users of t heir financial statements to evaluate the effect or potential effect of netting arrangements, including rights of set-off associated with the e ntity's recognised financial assets and recognised financial liabilities, on the entity's financial position.

This Standard is not expected to significantly impact on the Council's financial statements.

# AASB 2012-3: Amendments to Australian Accounting Standards – Offsetting Financial Assets and Financial Liabilities

[AASB 132]	
Issued:	June 2013
Applicable:	1 January 2014
Impact:	This Standard adds a
	potential inconsisten

t: This Standard adds a pplication guidance to AASB 132: Financial Instruments: Presentation to address potential inconsistencies identified in applying some of the offs etting criteria of AASB 13 2, including clarifying the meaning of "currently h as a legally enforceable right of set-off" and that some gross settlement systems may be considered equivalent to net settlement.

This Standard is not expected to significantly impact the Council's financial statements.

# **1 Significant Accounting Policies (continued)**

AASB 2012-5: Amendments to Australian Ac counting Standards arising from Annual Improvements 2009-2011 Cycle.

[AASB1, 101, 116, 132, 134 and Interpretation 2]

Issued: June 2012

Applicable: 1 January 2013

Impact: Outlines changes to the variou's standards and interpretations as listed. These topics are not currently relevant to Council, nor are they expected to be in the future. As a consequence, this Standard is not expected to significantly impact on the Council's financial statements.

AASB 2012-10: Amendments to Australian Accounting Standards – Transition Guidance and Other Amendments. [AASB 1, 5, 7, 8, 10, 11, 12, 13, 101, 102, 108, 112, 118, 119, 127, 128, 132, 133, 134, 137, 1023, 1038, 1039, 1049 and 2011-7 and Interpretation 12]

Note: Applicable to reporting periods commencing on or after the given date.

Issued: December 2012

Applicable: 1 January 2013

Impact: Mainly consequential changes relating to transition guidance. It is not expected to have a significant impact on Council.

# (y) Adoption of New and Revised Accounting Standards

During the current year, the Council adopted all of the new and revise d Australian Accounting Standards and Interpretations which became mandatory and which were applicable to its operations.

These new and revised standards were:

AASB 2010 - 8 AASB 2011 - 3 AASB 2011 - 13

The standards adopted had a minimal effect on the accounting and reporting practices of the Council as they were either not applicable, largely editorial in nature, were revisions to help ensure consistency with presentation, recognition and measurement criteria of IFRSs or related to topics not relevant to operations.

The Council also chose to early adopt AASB 13 – Fair Value Measurement as allowed for in the standard.

#### 2 Revenue and Expenses

#### (a) Statement of Objective

The Town's operations, as disclosed in this document, encompass the following service activities-

#### General Purpose Funding

This activity includes rates, statutory g rants and interest on investments and is the main area for revenue collection to allow for the provision of other services.

#### Governance

This includes the admini stration and operation of fac ilities and services to the elected members of Council. It al so includes civic receptions, citizenship ceremonies, and the research, development and preparation of policy documentation.

#### Law, Order and Public Safety

This area includes the administration and operation of Ranger services and animal control services.

#### Health

This activity includes services such as health inspections, pest control, and noise control.

#### Education and Welfare

This area includes the senior citizens' centres, disability services and other community development activities such as seniors, youth, volunteers and indigenous support.

## Community Amenities

This includes town planning and regional development services, protection of the environment, refuse collection and disposal, provision of public toilets, bus shelters and street furniture.

#### Recreation and Culture

This includes the provision of public buildings, libraries, aquatic facilities, community events, cultural activities, indoor and outdoor sporting complexes, parks and gardens and playgrounds.

#### Transport

This area includes the maintenance and construction of roads, drains, pathways, crossovers and traffic calming devices, plus street lighting and cleaning, road signs and parking areas.

#### Economic Services

This includes building control, private swimming pool inspections, tourism and economic development.

#### Other Property and Services

This area includes public works overheads and the purchase and maintenance of engineering plant and equipment.

## Property, Plant and Equipment and Infrastructure Revaluation

The Town's Land, Buildings, Plant and Machinery, Furniture and Equipment and Parks / Reserves Infrastructure were revalued at 30 June 2013 by independent valuers.

All valuations were made based on the basis of observable open market values of similar assets, adjusted for condition and comparability, at their highest and best use.

The revaluation resulted in the following -		\$
Increase	Land	121,123,807
	Buildings	33,279,682
		154,403,489
Decrease	Plant and Machinery	655,727
	Furniture and Equipment	322,948
	Parks / Reserves Infrastructure	6,773,203
		7,751,878

Increases were credited to the revaluation surplus in the Town's equity and recognised as Non-Current Assets Revaluation Changes in the Statement of Comprehensive Income.

Decreases were debited to Loss on Revaluation and recognised as Fair Value Adjustments in the Statement of Comprehensive Income.

Unused Loan Facilities at Balance Date	0	0
	0	<u> </u>

## **16 Contingent Liabilities**

On 15 August 2006, the Town of Victoria Park agreed to sign a Deed of Guarantee to satisfy the financial security requirements relating to the tender that was under review by the Mindarie Regional Council for the construction of a Resource Recovery Facility at Neerabup. The Town's maximum exposure under the Deed of Guarantee is \$7.33 million. The Deed of Guarantee will only crystallise if -

- a. Mindarie Regional Council is unable to meet payments that creates a default under the Resource Recovery Facility Agreement (RRFA)
- b. There is a *Force Majeure* event.

Force Majeure events will be limited due to insurance and can be narrowed down to the following -

- a. War risks, confiscations, nationalisation
- b. Nuclear attack, radiation, contamination by radio activity from nuclear waste etc.
- c. Sea damage, tidal wave or high water or storm surge
- d. Spontaneous combustion, fermentation or any process involving application of heat

# **17 Leasing Commitments**

The Town had no leasing commitments at 30 June for the periods being reported.

#### **18 Joint Ventures**

#### **Mindarie Regional Council**

The Mindarie Regional Council was formally constituted in December 1987. The Town of Victoria Park, along with the Municipalities of Joondalup, Wanneroo, Stirling, Perth, Cambridge and Vincent, form the membership of the Mindarie Regional Council. The primary function of the Regional Council is for the orderly and efficient treatment and / or disposal of waste. The Town of Victoria Park has a one-twelfth (1/12) equity in the assets and liabilities of the refuse disposal facility as per the constitution amendment (25 November 1996). The values as shown below were, at the time of preparation of these financial statements, unaudited.

	2013	2012
	\$	\$
Current Assets	1,446,004	1,445,488
Non-Current Assets	3,935,230	3,347,741
Total Assets	5,381,234	4,793,229
Current Liabilities	568,372	583,611
Non-Current Liabilities	2,137,779	1,936,166
Total Liabilities	2,706,151	2,519,777
Net Assets	2,675,083	2,273,452

## Tamala Park Regional Council

The Tamala Park Regional Council was formally constituted in February 2006. The Town of Victoria Park, along with the Municipalities of Joondalup, Wanneroo, Stirling, Perth, Cambridge and Vincent, form the membership of the Tamala Park Regional Council. The purpose of the Regional Council is to create an urban development of 165 hectares immediately north of the Mindarie Regional Council leased land. The Town of Victoria Park has a one-twelfth (1/12) equity in the assets and liabilities of the development. The values as shown below were, at the time of preparation of these financial statements, unaudited.

	2013	2012
	\$	\$
Current Assets	2,208,442	1,125,038
Non-Current Assets	163,649	175,605

### **25 Specified Area Rates**

The Town did not raise any Specified Area Rates during the 2012-2013 financial year.

#### 26 Service Charges

	Revenue	Budget	Applied to	Budget to
	Raised	Revenue	Service Costs	Costs
	\$	\$	\$	\$
Underground Power	2,916,053	2,893,835	3,644,542	3,600,196

The area for which the above Underground Power Service Charge is to be levied includes the suburb of Lathlain, plus the "Goodwood" precinct area of Burswood, bounded by Goodwood Parade, Great Eastern Highway and Graham Farmer Freeway. Western Power is the primary agent associated with the works and they have indicated that they will be contracting the works out to a suitable contractor. The Service Charge is to fund 75% of the associated works. The remaining 25% is to be funded by Council.

### 27 Rates Related Discounts, Incentives, Concessions and Write-Offs

The Town did not provide any discounts, waivers or concessions with regards to the payment of rates.

Three payment incentives were offered -

1 - Kustom Cupcakes Yummy Package (\$1,000 cash from the Town of Victoria Park, one year's supply of cupcakes from Kustom Cupcakes and a gourmet hamper from Nosh)

2 - Kalbarri Beach Resort Package (\$1,000 cash from the Town of Victoria Park, five nights accommodation at Kalbarri Beach Resort, two double passes to WASO's performance of *Rachmaninov and the Ring* and two double passes to the Black Swan Theatre Company's performance of *Managing Carmen* 

3 - Victoria Park Package (\$1,000 cash from the Town of Victoria Park, overnight stay (plus breakfast) at Crown Promenade Perth, \$100 gift voucher to spend at Simply Fabulous, six month Maxilife membership to Leisurelife and Aqualife

	2013 Actual	2012 Actual
	\$	\$
Written-off rates and rates related fees and charges	4,169	680

### 28 Rates Related Interest and Charges

	Interest Rate %	Actual Revenue \$	Budgeted Revenue \$
Pensioner Deferred Rates Interest (as set by State Government)	4.0	7,181	9,500
Instalment Interest	5.5	163,752	180,000
Late Payment Interest	11	86,412	56,000
Waste Debts Interest (Rates)	11	1,905	1,400
Charges on instalment plans and arrangements		64,764	64,900
		324,014	311,800

Ratepayers had the option of paying rates in four equal instalments. These were due -

- 1 28 September 2012
- 2 30 November 2012
- 3 01 February 2013
- 4 05 April 2013

Administration charges and interest applied for the final three instalments (\$4 per instalment).

#### **33 Post Balance Date Events**

There were no Post Balance Date Events incurred by the Town.

#### 34 Major Land Transactions

There were no Major Land Transactions incurred by the Town.

#### **35 Financial Risk Management**

The Town's activities expose it to a variety of financial risks including price risk, credit risk, liquidity risk, and interest rate risk. The Town's overall risk management focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the financial performance of the Town.

The Town does not engage in transactions expressed in foreign currencies and is therefore not subject to foreign currency risk. Financial risk management is carried out by the Town under policies approved by Council. Council held the following financial instruments at balance date -

	Carrying Value		Fair Value	
	2013	2012	2013	2012
	\$	\$	\$	\$
Financial Assets				
Cash and cash equivalents	16,736,801	18,922,481	16,736,801	18,922,481
Receivables	5,225,114	2,764,449	5,225,114	2,764,449
Financial Liabilities				
Payables	3,226,866	5,204,497	3,226,866	5,204,497
Borrowings	16,460,840	12,611,812	16,387,441	10,719,476

#### **35 Financial Risk Management**

Fair value is determined as follows -

Cash and cash equivalents, Receivables, Payables - estimated to the carrying value, which approximates net market value.

Borrowings - estimated future cash flows discounted by the current market interest rates applicable to assets and liabilities with similar risk profiles.

### (a) Cash and cash equivalents and Financial Assets at Fair Value

The Town's objective is to maximise return on cash and cash investments whilst maintaining an adequate level of liquidity and preserving capital. The Town maintains an investment policy and the policy is subject to regular review. An investment report is provided monthly setting out the make-up and performance of the portfolio.

The major risk associated with any investment is price risk - the risk that the capital value of investments may fluctuate due to changes in market prices, whether these changes are caused by factors specific to individual financial instruments of their issuers or factors affecting similar instruments traded in a market.

Cash and investments are also subject to interest rate risk - the risk that movements in interest rates could affect returns.

Another risk associated with cash and investments is credit risk - the risk that a contracting entity will not complete the obligations under the financial instrument resulting in a financial loss to the Town.

The Town manages these risks by diversifying the portfolio and only purchasing investments with high credit ratings or capital guarantees.

	2013 \$	2012 \$
Impact of a 1% movement in interest rates on cash and investments		
- Equity	167,368	189,225
- Statement of Comprehensive Income	167,368	189,225

The above are sensitivity percentages based on expectation of possible future market movements.

#### **35 Financial Risk Management**

#### (b) Receivables

Council's major receivables comprise rates and annual charges and user charges and fees. The major risk associated with these receivables is credit risk - the risk that the debts may not be repaid. This risk is managed by monitoring outstanding debt and employing debt recovery policies. Credit risk on rates and annual charges is minimised by the ability to recover these debts as a secured charge over the land - that is, the land can be sold to recover the debt. Interest can also be charged on overdue rates and annual charges at higher than market rates, which further encourages payment.

The level of outstanding receivables is reported monthly and monitored for acceptable collection performance. Suitable provision is made for doubtful receivables, as required, and credit checks are carried out on most non-rate debtors. There are no material receivables that have been subject to a re-negotiation of repayment terms. The Town's profile of credit risk at balance date was -

	2013	2012
Percentage of Rates and Annual Charges		
- Current (Due within 12 months)	33%	36%
- Overdue	67%	64%
Percentage of Other Receivables		
- Current (Due within 30 days)	37%	42%
- Overdue	63%	58%

#### (c) Payables and Borrowings

Payables and borrowings are both subject to liquidity risk - that is, the risk that insufficient funds may be on hand to meet payment obligations as and when they fall due. This risk is managed by monitoring cash flow requirements and liquidity levels and maintaining an adequate cash buffer.

The contractual undiscounted cash flows of Payables and Borrowings are set out in the Liquidity Sensitivity Table as shown below -

2013	Due Within 1 Year \$	Due Between 1 and 5 Years \$	Due After 5 Years \$	Total Contractual Cash Flows \$	Total Carrying Values \$
Payables	3,226,866	0	0	3,226,866	3,226,866
Borrowings	2,270,602	10,725,675	7,413,509	20,409,786	16,460,840
	5,497,468	10,725,675	7,413,509	23,636,652	19,687,706
2012					
Payables	5,204,497	0	0	5,204,497	5,204,497
Borrowings	1,859,606	7,439,145	7,468,856	16,767,607	12,611,812
	7,064,103	7,439,145	7,468,856	21,972,104	17,816,309

#### **35 Financial Risk Management**

### (c) Payables and Borrowings (continued)

Borrowings are also subject to interest rate risk - the risk that movements in interest rates could adversely affect funding costs. This is not a factor with the loan portfolio, as set out below, as all loans have a fixed interest rate for the duration of the loan. The following table sets out the carrying amount, by maturity, of the financial instruments of the Town of Victoria Park -

Year Ended 30 June 2013	Less Than 1 Year \$	Between 1 and 5 Years \$	More Than 5 Years \$	Total \$	Weighted Average Effective Interest Rate %
Fixed Rate Debentures	1,626,640	8,324,757	6,509,443	16,460,840	5.13%
Year Ended 30 June 2012	Less Than 1 Year \$	Between 1 and 5 Years \$	More Than 5 Years \$	Total \$	Weighted Average Effective Interest Rate %
	Ψ	Ψ	Ψ	Ψ	70
