

Additional Information

My name is Andra Biondi. I'm 35 years old and have lived in the Town for over 25 years. With 12 years of professional experience in town planning across Local & State Government, and the private sector, I am well equipped to serve our community. And this is why you should vote for me:

- I have a proven record of advocacy and am not afraid to stand up under pressure to do what is right. Being a strong advocate for the community means getting things done with common sense, delivering services efficiently and ensuring rates are used wisely.
- One of my key priorities is the upgrade of the Victoria Park Library, which sits within the Macmillan Precinct Redevelopment Project. Unlike many other Local Governments, our library is outdated and does not reflect modern standards of learning and community use. A library can be so much more than books: it can be a hub for lifelong learning, creativity, and connection.
- A strong commitment to seeing the Macmillan Precinct Redevelopment Project through to completion exploring funding options and ensuring the community's aspirations are properly reflected in the masterplan design.
- I will also ensure our street trees are protected and that our planning policies reflect modern approaches to canopy coverage, while still supporting good development. Protecting the Jirdarup Bushland, supporting local sporting clubs and facilities like Higgins Park Tennis Club (where I grew up playing tennis!), supporting the RSL on Fred Bell Parade, and delivering upgrades such as Elizabeth Baillie Park, are central to my vision.
- As Victoria Park continues to attract young people, families, and seniors thanks to its vibrant location and amenities, I am committed to ensuring small and local businesses thrive while maintaining safe, modern infrastructure for roads, parking, cycling, and pedestrians.
- I am passionate about representing our community, ensuring Victoria Park remains a place where people of all ages can live, learn, and flourish.
