MINI MURALS INFORMATION

Some important things to note about our Mini Murals program and the installation of artworks on utility boxes in the Town of Victoria Park:

- The dimensions of the utility boxes are approximately 1500mm (H) x 900mm (W) x 500mm (D). This may vary slightly and final dimensions will be provided to the selected artist(s).
- Identification stickers, badges, vents, sensors and keyholes cannot be obstructed or painted over (see marked areas in red on the image example). This should be considered when designing artwork. The exact location of these items on the utility boxes vary – final specifications will be provided to the selected artist(s).
- Designs must be suitable for the format of the panels or for division/tiling into panels on the utility boxes.
- Designs must have a playful quality that engages the public. The content/context of the artwork must be appropriate for a public location and suitable for people of all ages.
- There is no prescribed theme, however the artwork could celebrate culture and showcase the unique spirit of a local area. Designs can be abstract, pattern, geometric, illustrative or tell a story.

Mini Mural by Morgane Guedj at Mazzini Reserve, East Victoria Park.
