## 1.0 INTRODUCTION

This Short-Term Accommodation Management Plan seeks to manage the amenity of No. 1A Egham Road, Burswood and conform with the Town of Victoria Park Local Planning Framework.

This Management Plan will establish an acceptable standard of behaviour for guest and visitors to seek to minimise any adverse impact on the owner, neighbours, residents, and the Town of Victoria Park.

It is envisaged that guests will be able to book a stay at this address via established supporting organisations such as real estate professionals, relocation managers, and short stay accommodation providers such as Airbnb. In the case of real estate professionals, guests will be also subject to the Residential Tenancies Act (1987) and the Real Estate and Business Agents Act (1978).

**Bookings are for a maximum of four (4) guests at any one time (no more than three (3) adults).**

## 2.0 CHECK IN

At the time of booking online, guests are to review and agree to accept the house rules which specifically state:

- No parties or events, you will be evicted immediately without refund, and if necessary, we will press further charges with police.
- Adult guests who book must give ID, pay a refundable security deposit of \$250, and sign a rental agreement on our secure online management portal. Guests are not allowed to stay and will not receive check in details until we have received these details.
- Quiet house after 10.00pm
- Check in time is 3.00pm – 8.30pm daily.
- Guests are provided with check in instructions, and a code for the lock box to gain entry into the property. Guests are to check in by 9.30pm.
- Check ins are not permitted between 9.30 pm and 7.00 am.

## 3.0 ACCESS TO THE PROPERTY

Guests receive their check in details via our online portal. All pre-checkin components must be completed before details are sent. (Copy of ID, copy of credit card used to book, signed rental agreement).

Guests are issued with the pedestrian gate code, then are directed to a secure lockbox within the property common area, with the unique code to the lockbox for that stay.

**Keys used cannot be copied without authorisation. Secure lockbox and locking hardware are supplied and serviced by a licensed locksmith as required.**

## 4.0 CHECK OUT

Check out time is between 8.00 am and 11.00 am on the day of departure unless other arrangements have been made with the Manager.

## 5.0 MANAGERS DETAILS

## 6.0 OWNER / OCCUPIER

The owner does not reside permanently on-site and lives outside the Perth metropolitan area. [REDACTED] is engaged as the dedicated professional manager to provide 24/7 guest support, respond to neighbour concerns, and attend the property when required. The owner will also undertake periodic inspections when in Perth.

## 7.0 COMPLAINTS MANAGEMENT

Complaints will be managed by the dedicated Manager.

If neighbours believe that residents are not being respectful of the Code of Conduct, they are to contact the Manager. The Manager's contact details are as stated above.

If neighbours are having any issues with the operation of the property, such as the location and/or orientation of lighting, vegetation on site or any other general issues they are encouraged to contact the Manager to further discuss such issues.

A Register of Complaints will be maintained by the owner and available for inspection by an authorised Council Officer. The complaints register is to contain the following information:

1. The date and time of the complaint;
2. The name and address of the complainant;
3. The nature of the complaint;
4. Investigations carried out;
5. Action taken; and
6. Response provided to complainant.

A copy of this Management Plan will be made available to neighbours. Neighbours will also be provided with the contact details of the Manager.

## 18.0 APPENDIX E - MONITORING DEVICES

Monitoring devices are installed in the short stay dwelling at 1A Egham Road, Burswood to help prevent noise, damage, parties and break-ins, and to support a safe and high-quality guest experience.

Each monitoring device is located in the kitchen/living area, which is where most noise within the dwelling is likely to occur.

Marked as an example on the attached floor plan.

An example of the monitoring application dashboard is provided below.

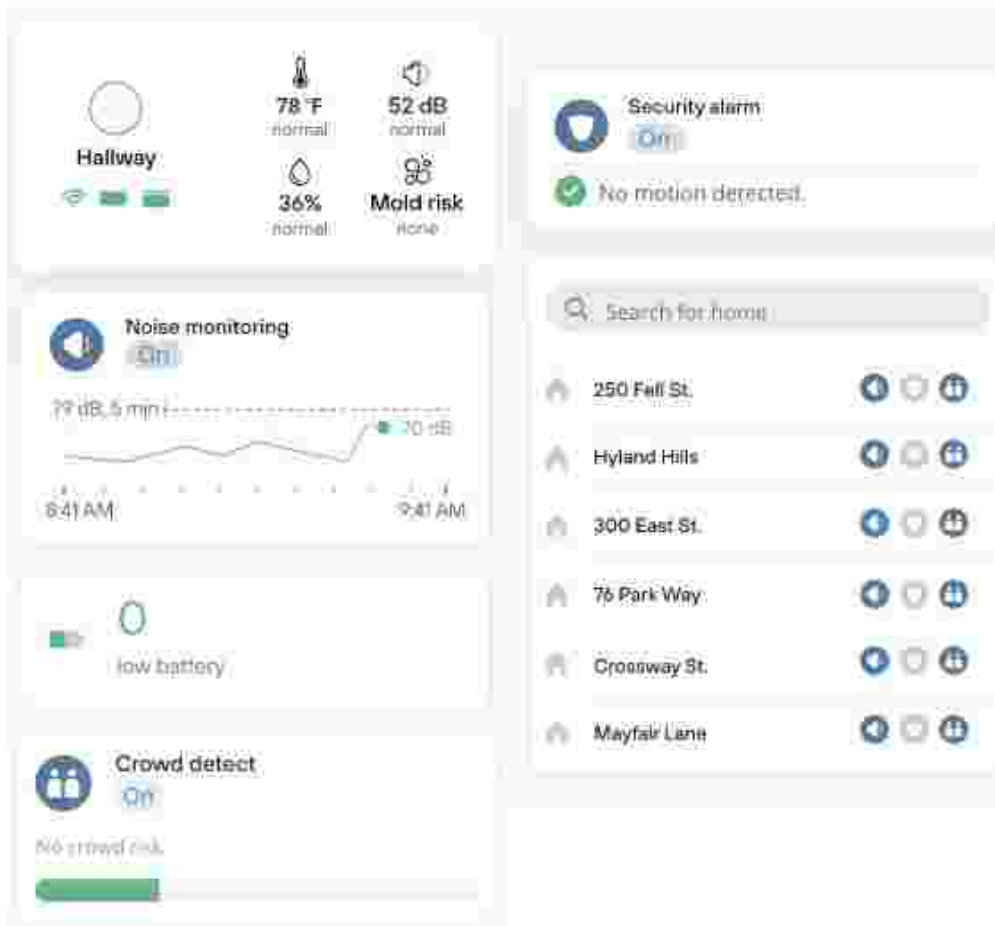

Figure 2 Monitoring Device - Dashboard

Specifications/capabilities of Sensors:

- Integrates with our PMS system to enable capabilities of automatic messages to guests.
- Noise Monitoring: Measures noise in decibels. Each sensor is set to alert the Manager via text if there has been noise over 85 decibels for a continued period of 10 minutes. At this stage a process (detailed below) is in place to manage guests).
- Occupancy Monitoring: Tracks number persons at the dwelling by how many devices are logged into the Wi-Fi.
- Motion Detection: Detects any motion within the dwelling, and whether there is a lot or little motion.

- Tamper Detection: Instantly notifies Manager via text if the monitoring device is removed from its' ceiling mounting plate. Manager then calls the guest immediately and advises to replace and not touch the device, and that breach results in eviction without refunds.
- Instantly notifies Manager via text if the monitoring device is touched. Manager makes a call to the guest to advise not to touch the device, and that breach results in eviction without refunds.
- All breaches are dealt with immediately with instant results as a prevention strategy to loud gatherings or parties. It is the Manager's role to ensure noise control and prevent damage to property.
- Alarm – if an alarm goes off within the dwelling, the Manager is immediately alerted via text.
- Security Alarm – can be turned on to protects the dwelling from break ins during no occupancy.
- Broken Glass – if glass is broken or window smashed, the Manager is immediately alerted via text.
- Tracks Temperature & Humidity always shows the temperature and humidity inside the dwelling.

Management process for alerts is as follows:

1. Noise over 85db recorded continuously for 10 minutes generates a message to the Manager:
2. Guest automatically sent a message from the monitoring system asking them to turn down the noise.
3. The manager then monitors noise and other factors to determine next steps.
4. If noise continues for 10 minutes a call is made from the manager to the guest inform them that eviction will occur if they continue to make noise
5. If noise stops no further action is taken.
6. If noise continues the guest is evicted from the property.

An example of how the monitoring device process works at 1A Egham Road, Burswood:

**<Operator>** Hi John, I'm calling on behalf of Seaside Rentals. We received a notice that it's been loud for 20 minutes in the property you're staying at. Is everything alright?

**<Guest>** Hey there, yeah we're having some friends over for dinner.

**<Operator>** We'd like to remind you that noise should be kept at a minimum after 10 pm and that no parties are allowed in the property.

**<Guest>** Oh ok, thanks for letting us know. We didn't realise we were that loud and will keep it down from now.

**<Operator>** Thank you for your help John. Enjoy the rest of your stay.
