Acknowledgement of Country

We acknowledge the traditional custodians of this land and respect past, present and emerging leaders, their continuing cultural heritage, beliefs and relationship with the land, which continues to be important today. We thank them for the contribution made to life in this region.

Commitment to Diversity

The Town acknowledges that the diversity of our residents is what makes our community unique. Diversity can be reflected in a number of ways, including:

Ethnicity and race

Disability

Language

Gender

Sexual orientation

Age and generation

Socioeconomic status

Religion, faith and other beliefs

This diversity means our communication practices need an understanding of how social and cultural background can influence interpretation and participation in the community. We acknowledge these impacts, and we are striving to present all communications to be inclusive and available to everyone.

Mayor's message

Building momentum in planning and delivering our Town's future as a dynamic place for everyone has been a significant objective as we moved beyond the impacts of the global pandemic.

Getting back to normal was a priority this year. The ability to fully embrace community life was important for our residents, businesses and visitors alike, and it was great to witness our streets, local activity centres and parks come alive.

We celebrated with the return of much-loved signature events previously sidelined since by COVID19. After 3 years, the Summer Street Party was a huge success with a new location and a record crowd of more than 10,000 filling Albany Highway. Our ANZAC Day Dawn Service, the first in 4 years, was a well-attended commemoration. New events included an International Women's Day Breakfast and the Neon Youth Festival in partnership with the City of South Perth. We sponsored the inaugural Vic Park Youth Arts Awards during Arts Season.

Two very special biennial events curated by our fabulous Library staff in 2023 were the Local History Awards and the Town Faithful, a celebration for residents who have lived in the Town for 50 years or more.

Environmentally, the Town continued its award-winning Urban Forest journey with more recognition for the achievements of our unique collaboration with our community. We won the Excellence in Infrastructure Award and the overall WA Medal at the WA Australian Institute of Landscape Architecture Awards.

We went on to win the national Award of Excellence – Community Contribution at the Australian Institute of Landscape Architecture Awards. We again achieved Tree Cities of the World status.

A personal highlight was representing the Town at the IUCN Global Leaders Forum in South Korea where the Town received a Highly Commended Award as a finalist at the inaugural AIPH World Green City Awards 2022, alongside the Cities of Paris and Bogota.

Aligned with the community priorities in our new Strategic Community Plan 2022 – 2032, Council adopted a new Corporate Business Plan, Access and Inclusion Plan, Safer Neighbourhoods Plan and Land Asset Optimisation Strategy to assist with achieving our vision and mission.

We also renewed our strategic partnership with the Perth Inner City Group comprising the Cities of Perth, South Perth, Subiaco, Vincent and the Town. This collaboration is producing economic, tourism, infrastructure, transport and cultural benefits to our inner-city region.

The capital works included completion of Stage 1 of the Archer Mint Streetscape Improvement Plan being the revitalization of the Carlisle Town Centre, stage 5 upgrades to GO Edwards Park with new outdoor exercise equipment, lighting, accessible pathways and tree plantings, upgrading the playgrounds at Rotary Park in St James and Forward Reserve in Welshpool, and renewing over 7kms of the local road network.

Council also progressed the detailed designs for the redevelopment of Lathlain Park Zone 1 (Perth Football Club and community space), Edward Millen Park and the Kent Street Sandpit. Two areas were selected for the State Government's new Targeted underground power program, which will bring significant future improvements in energy reliability, safety and amenity for the remaining parts of Burswood and Victoria Park yet to have underground power.

On behalf of Council and our community, I wish to thank the Town's Chief Executive Officer and staff for their continued dedication to delivering valuable services to our community and building a purpose-led culture.

I am grateful to my Council colleagues for their commitment, enthusiasm and support in providing effective representation for our community, and good governance for the Town. Finally, thank you to our Vic Park community for inspiring us to always do better for you.

Mayor Karen Vernon

Mayor, Karen Vernon

CEO, Anthony Vuleta

CEO Foreword

This year has been a transformative one for our community, marked by a series of achievements and taking steps to return to normal business following the pandemic.

In July 2022, the Council adopted the new Corporate Business Plan 2022-2027, our commitment to strategic planning and community engagement. This plan is a blueprint for the next five years. It outlines our dedication to achieving the community's priorities and Town objectives as established in the Strategic Community Plan 2022-2032. With a focus on integration and improvement, we are committed to delivering a better future for our residents.

One of our most significant accomplishments was the permanent rezoning of more than half of the land at Miller's Crossing as Parks and Recreation, following a decision in February 2023. This achievement was the result of years of advocacy from both the Town and our wider community. This transformation further contributes to the creation of a vital 'green corridor' stretching from Lathlain to Bentley, reinforcing our commitment to preserving and expanding public open spaces.

The delivery of the 22/23 Public Places Program has been marked by a series of remarkable accomplishments. We have not only engaged our community in the design of parks like Rotary Park but also secured essential funding for projects like the Higgins Park lighting upgrade. These initiatives are essential to fostering a sense of community, providing well-built and well-maintained facilities, and enhancing the overall liveability of our town.

The 22/23 Vic Park Planning Program has been instrumental in shaping the future of our community. From endorsing the new Local Planning Scheme No. 2 to completed Stage 2 of the Albany Highway Precinct Structure Plan and commencing the Oats Street Precinct Structure Plan, we have made significant strides in our urban development efforts.

Our commitment to improving transportation is evident through the development of the Public Health & Wellbeing Strategy and the Integrated Transport Program. With initiatives such

as the Mid-Tier Transit Project, and Black Spot Funding application, we are actively working to create a more accessible and safer community for everyone.

As part of our ongoing efforts to reduce carbon emissions and meet our Climate Emergency Plan targets, we have introduced two fully electric vehicles, made possible through the WA Government Zero Emission Vehicle Rebate Scheme. This transition to electric vehicles is a significant step towards a more sustainable future.

Our Urban Forest Program continues to thrive, receiving international recognition with a Highly Commended Award in the World Green City Award category of Biodiversity. Our commitment to preserving and growing our tree canopy cover has been acknowledged, highlighting our dedication to sustainability.

We celebrated the Year of the Water Rabbit with Lunar New Year festivities. Our community joined us in this celebration, and landmarks across our town were illuminated in traditional red, reflecting the rich cultural diversity that makes our town so unique.

Our eighth annual Victoria Park Arts Season was a resounding success, celebrating the vibrancy of visual and performance art in our community. This event showcases the talent and creativity that defines Victoria Park and has become a cherished tradition for both residents and visitors.

I want to extend my gratitude to our Mayor, Council and dedicated staff for their unwavering support and contributions.

Our vision

The Town of Victoria Park: a dynamic place for everyone.

Our values

PROACTIVE

Anticipate, plan and act.

INCLUSIVE

Embrace diversity.

INTEGRITY

Be honest, accountable and transparent.

CARING

Show empathy, consideration and kindness.

COURAGE

Be bold and innovative.

Our Purpose

Sustainably serve, empower and connect community.

Our Mission

To achieve our vision, we will champion the four pillars of sustainability including:

To promote sustainable, connected, safe and diverse places for everyone

To promote sustainable, diverse, resilient and prosperous places for everyone

To promote sustainable, livable, healthy and green places for everyone

To show leadership by communicating with, empowering and supporting people in the community

 - Macmillan Precinct Masterplan
 - Victoria Park Xavier Hockey Club relocation investigation
 - Financial feasibility of bowls synthetic green
 - Promotion of private community spaces available for public use
 - Opening of Vic Park Quarter community room
 - Council approval of Read Park community room.

Tackling Challenges at John Macmillan

In the 22/23 financial year the Town became aware of an escalation in antisocial behaviour at John Macmillan precinct in East Victoria Park.

These challenges are multi-faceted; and deserving of a similarly broad approach, beyond the Town's scope alone, to finding a solution.

The Town met with a variety of local stakeholders, including representatives from WA Police, specialised outreach services, Hawaiian Park Centre, Department of Communities and Mindeera Advisory Group, to facilitate a collective response to this matter.

Some measures taken include:

- Trials of increased CCTV and lighting in the park
- Advocating for increased Police presence
- Regular engagement between outreach services and individuals in the park
- Monitoring of – and pre-emptive Police and outreach responses to – public drinking
- Regular clean-ups of the area by Parks Staff and external contractors
- Consultation with other Local Governments on their approach to antisocial behaviour and wider mitigating measures

Through a continued collective approach between agencies, the Town and its partners can come to understand and, in turn mitigate, the antisocial behaviour occurring in the precinct.

Town welcomed Year of the Rabbit with Lunar New Year celebrations

The Town celebrated Lunar New Year in January and February of 2023 with a diverse program featuring place activations, cultural events and interactive opportunities.

Dragon dances, a lantern-hung laneway and a horoscope walk trail were just some of the ways the town invited people to celebrate the Year of the Water Rabbit.

Many of the Town's landmarks, including Matagarup Bridge and the lake fountains at G.O. Edwards Park, were illuminated in the traditional red colour to help ring in the new lunar year.

With 183 restaurants, bars and takeaway venues on Albany Highway alone, the Town of Victoria Park is a popular place to celebrate the occasion, which is traditionally marked in many Asian cultures via meals with family and friends.

April Arts Season

Celebrating its eighth year in 2023, the Victoria Park Arts Season is a celebration of visual and performance art that has become a fixture in calendars of locals and visitors.

Events included workshops on the art of bookbinding, mural painting and still life drawing, as well as the Town-supported Double Rhythm DJ and Dance programs and exhibitions at Kent Street Gallery.

Christmas Fun in the Town

In 2022 the Town celebrated Christmas with free events and free parking for December and January.

The Town kicked off the celebrations at Memorial Gardens with Music & Mistletoe, a free all-ages event featuring live music, food stalls, activities for kids and a pop-up bar for the adults. The park was transformed into a twilight wonderland each evening for the festive period.

The Town also held its Christmas-themed Unwrap Archer Street opening party celebrating the first stage of the revitalised Carlisle Town Centre. Local businesses took part with plenty of options for food and drink, as well as market stalls, music and kids' activities.

EN3**Increasing and improving public open spaces**

Delivery of the 22/23 Public Places Program, including the following highlights:

- Rotary Park Better Parks upgrade designed through community consultation. Construction commenced in collaboration with the Urban Ecosystem sub-program
- CSRFF Club Night Lights funding for lighting upgrade at Higgins Park approved
- Construction Documentation for Edward Millen Park upgrade finalised
- Detailed Design for Kent St Sandpit finalised, advertised and endorsed by Council
- Three neighbourhood micro spaces completed in collaboration with the Urban Forest Program.

EN4**Providing facilities that are well-built and well-maintained**

Delivery of the 22/23 Social Infrastructure Program, including the following highlights:

- Lathlain Zone 1 Football Clubrooms and Community Facility
- Macmillan Precinct Masterplan
- Victoria Park Xavier Hockey Club relocation investigation
- Financial feasibility of bowls synthetic green
- Promotion of private community spaces available for public use
- Opening of Vic Park Quarter community room
- Council approval of Read Park community room.

EN5**Enhancing and enabling liveability through planning, urban design and development**

Delivery of 22/23 Vic Park Planning Program, including:

- Council endorsement and then commencement of advertising the new Local Planning Scheme No.2
- Completion of stage 2 of the Albany Highway Precinct Structure Plan
- Commencement of Oats Street Precinct Structure Plan
- Council Endorsement of Town Planning Scheme No.1 Amendment 56 – Miller's Crossing
- Closure of Town Planning Scheme No.1 Amendment 88 – Residential Character Area
- Commencement of advertising for Town Planning Scheme No.1, Amendment 90 Zoning table updates
- Council endorsement of Town Planning Scheme No.1 Amendment 91 – Additional Use 'Tavern' Goodwood Parade Burswood
- Adoption of Local Planning Policy 40 – Burswood Station East Design Guidelines and Public Realm Improvements
- Adoption of Local Development Plan for Belmont Racecourse Precinct A
- Commencement of review of the Lathlain Park Management Plan.

EN6**Improving how people get around the Town**

Development of Public Health & Wellbeing Strategy

Delivering the Integrated Transport Program, including:

- Mid-Tier Transit Project: workshopped to 5% Design for 11 Albany Hwy intersections
- Creation of METRONET Project Officer Role
- Membership of Shepperton Rd interagency group
- Peer review complete for Carlisle Traffic Management Review
- Submission of Black Spot Funding application
- Road Renewals Program prioritised for Skinny Streets potential
- Rutland Ave One-Way Trial community consultation complete
- Albany Hwy pedestrian crossing priority list identified
- Victoria Park Drive (Roger Mackay to Marlee Loop) civil works complete
- Delivery of the initial stages of the Archer Mint Streetscape Improvement Plan
- Burswood Station East public realm designs.

Carlisle to get new protected bike lanes

The Town secured \$830,000 funding from the Department of Transport to build protected bike lanes along Archer and Mint streets in Carlisle.

The Western Australia Bicycle Network Grant was matched by the Town to construct an essential element of the Archer/Mint Streetscape Improvement Plan.

When completed, the new bike lanes will increase community access to Archer/Mint Street and surrounding schools and amenities, and further integrate Victoria Park with the metropolitan cycle network.

The initial stage, constructed in March 2023, covers the section of Archer Street between Mars and Star streets and will contribute to a safer road design for pedestrians and cyclists.

Town makes the switch to electric vehicles

The Town took another step towards reducing carbon emissions and meeting its Climate Emergency Plan targets by introducing two fully electric vehicles this year.

The new vehicles were purchased with the help of the WA Government Zero Emission Vehicle Rebate Scheme and will be used as staff pool cars.

A charging station to power the new vehicles was installed at the Town's Administration Building. The Town has large solar power systems in place to help offset energy costs for its facilities, as well as reduce carbon emissions, with a vision to installing more systems and battery storage in the future.

Urban Forest keeps growing

In October 2022 the Urban Forest Program competed against Paris and Bogota for the World Green City Award in the category of Biodiversity. Our program received a Highly Commended Award.

Our entry was titled 'Act Local, Contribute Global to World Biodiversity Conservation' and explored how our Urban Forest Program is collecting 40 endemic species from Jirdarup Bushland to propagate them into plant stocks for our annual planting.

In 2021, the Town received WA's first ever Tree Cities of the World status. The recognition, awarded by the Food and Agriculture Organisation of the United Nations and the Arbor Day Foundation, highlights the Town's commitment to ensuring our urban forests and trees are properly maintained, sustainably managed and duly celebrated.

In 2022, the Town's Tree Cities of the World Status was renewed in recognition of our continued efforts in protecting and increasing our tree canopy cover.

Developing a Corporate Business Plan

In July 2022, the Council adopted the new Corporate Business Plan 2022-2027. This sets out what will be done over the next five financial years to work towards achieving the community priorities and objectives in the Strategic Community Plan 2022-2032. The Plan was developed collaboratively across the Town, with a focus on integrating the delivery of informing strategies, governance responsibilities and business improvement.

Advocating to save parklands

More than half of the land at Miller's Crossing became permanently rezoned as Parks and Recreation following a decision by the Victoria Park Council in February 2023.

The move followed discussions between the Town and the State Government towards a potential resolution to the long-running planning saga, which has been the subject of more than a decade of advocacy from the Town and the wider community.

Straddling the Armadale rail line on the border of Carlisle and East Victoria Park, it forms part of a key 'green corridor' stretching from Lathlain to Bentley. The land has functioned as a local park since 2004.

Statutory Reporting

Disability Access and Inclusion Plan

The Disability Services Act WA 1993 (amended 2004) requires all local governments to develop, maintain and implement a Disability Access and Inclusion Plan (DAIP) every five years. DAIPs benefit people with disability, the elderly, families and carers, and people from Culturally and Linguistically Diverse (CaLD) backgrounds. The Town's AIP 2022 – 2027 ensures opportunities for continuous improvement towards an accessible and inclusive community where all people can enjoy the Town's functions, facilities, services and events.

Register of Minor Breaches - Complaints Register

In accordance with section 5.121 of the Local Government Act 1995, the Town is required to maintain a register of complaints of minor breaches which result in a finding being made by the Local Government Standards Panel. For 2022/23, no complaints were received.

Information Management

Under State legislation (*State Records Act 2000*) the Town of Victoria Park, like all State and Local Governments must maintain a Records Plan and associated documents (Records Keeping Procedures Manual, Records Keeping Disaster Recovery Plan). These Recordkeeping documents provide an accurate reflection of the recordkeeping program within the Town of Victoria Park, including information regarding the Town's recordkeeping system(s), disposal arrangements, policies, practices and processes. The Recordkeeping Plan is the primary means of providing evidence of compliance with the State Records Act 2000 and the implementation of best practice recordkeeping within the Town.

The Town's record-keeping systems are continuously reviewed and developed to improve efficiency and reliability. The core records management system Content Manager provides centralisation for all corporate documents and increases efficiency in document retrieval, storage and retention. In 2022-2023 nearly 218,000 corporate records were registered.

As a part of the staff comprehensive records management training program, staff are informed of their record-keeping obligations under the State Records Act 2000. Training sessions for our records management system are performed on a regular basis, complemented by recordkeeping work instructions and guidelines. The training program comprised of 61 one-on-one sessions, 1 customised group training session and 21 refresher training sessions.

This record-keeping management plan, coupled with the Town's record keeping system, is driving the move to a total digital record keeping system which will improve record keeping and maximise internal operational efficiencies.

Freedom of Information

Freedom of Information Act 1992 The Town is subject to the provisions of the Freedom of Information Act 1992 (the FOI Act). The FOI Act gives the public a general right of access to information held by the Town, subject to limitations as set out in Clauses 1 to 15 of Schedule 1 to the FOI Act.

It also provides the right of review in relation to decisions made by the Town to refuse access to information applied for under the FOI Act. In 2022/23, the Town received and responded to eight (8) requests under the FOI Act. In addition, we received one (1) application for internal review of decision, which resulted in the decision being upheld.

TOWN OF VICTORIA PARK
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2023

1. BASIS OF PREPARATION

The financial report of the Town of Victoria Park, which is a Class 2 local government, comprises general purpose financial statements which have been prepared in accordance with the Local Government Act 1995 and accompanying regulations.

Local Government Act 1995 requirements

Section 6.4(2) of the *Local Government Act 1995* read with the *Local Government (Financial Management) Regulations 1996* prescribe that the financial report be prepared in accordance with the *Local Government Act 1995* and, to the extent that they are not inconsistent with the Act, the Australian Accounting Standards. The Australian Accounting Standards (as they apply to local governments and not-for-profit entities) and Interpretations of the Australian Accounting Standards Board were applied where no inconsistencies exist.

The *Local Government (Financial Management) Regulations 1996* specify that vested land is a right-of-use asset to be measured at cost, and is considered a zero cost concessionary lease. All right-of-use assets under zero cost concessionary leases are measured at zero cost rather than at fair value, except for vested improvements on concessionary land leases such as roads, buildings or other infrastructure which continue to be reported at fair value, as opposed to the vested land which is measured at zero cost. The measurement of vested improvements at fair value is a departure from AASB 16 which would have required the Town to measure any vested improvements at zero cost.

Accounting policies which have been adopted in the preparation of this financial report have been consistently applied unless stated otherwise. Except for cash flow and rate setting information, the financial report has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

The local government reporting entity

All funds through which the Town controls resources to carry on its functions have been included in the financial statements forming part of this financial report. The Town does not have funds in Trust.

Judgements and estimates

The preparation of a financial report in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The balances, transactions and disclosures impacted by accounting estimates are as follows:

- estimated fair value of certain financial assets
- impairment of financial assets
- estimation of fair values of land and buildings, and infrastructure.
- estimation uncertainties made in relation to lease accounting

Initial application of accounting standards

During the current year, the following new or revised Australian Accounting Standards and Interpretations were applied for the first time.

- AASB 2020-3 Amendments to Australian Accounting Standards - Annual Improvements 2018-2020 and Other Amendments
- AASB 2020-6 Amendments to Australian Accounting Standards - Classification of Liabilities as Current or Non-current - Deferral of Effective Date
- AASB 2021-7a Amendments to Australian Accounting Standards - Effective Date of Amendments to AASB 10 and AASB 128 and Editorial Corrections [general editorials]
- AASB 2022-3 Amendments to Australian Accounting Standards - Illustrative Examples for Not-for-Profit Entities accompanying AASB 15

These amendments have no material impact on the current annual financial report

New accounting standards for application in future years

The following new accounting standards will have application to local government in future years:

- AASB 2014-10 Amendments to Australian Accounting Standards - Sale or Contribution of Assets between an Investor and its Associate or Joint Venture
- AASB 2020-1 Amendments to Australian Accounting Standards - Classification of Liabilities as Current or Non-current
- AASB 2021-2 Amendments to Australian Accounting Standards - Disclosure of Accounting Policies or Definition of Accounting Estimates
- This standard will result in a terminology change for significant accounting policies
- AASB 2021-7c Amendments to Australian Accounting Standards - Effective Date of Amendments to AASB 10 and AASB 128 and Editorial Corrections [deferred AASB 10 and AASB 128 amendments in AASB 2014-10 apply]
- AASB 2022-5 Amendments to Australian Accounting Standards - Lease Liability in a Sale and Leaseback
- AASB 2022-6 Amendments to Australian Accounting Standards - Non-current Liabilities with Covenants
- AASB 2022-7 Editorial Corrections to Australian Accounting Standards and Repeal of Superseded and Redundant Standards
- AASB 2022-10 Amendments to Australian Accounting Standards - Fair Value Measurement of Non-Financial Assets of Not-for-Profit Public Sector Entities

The amendment may result in changes to the fair value of non-financial assets. The impact is yet to be quantified.

Except as described above these amendments are not expected to have any material impact on the financial report on initial application.

TOWN OF VICTORIA PARK
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2023

2. REVENUE AND EXPENSES

(a) Revenue

Contracts with customers

Recognition of revenue is dependant on the source of revenue and the associated terms and conditions associated with each source of revenue and recognised as follows:

Revenue Category	Nature of goods and services	When obligations typically satisfied	Payment terms	Returns/Refunds/Warranties	Timing of revenue recognition
Rates	General Rates	Over time	Payment dates adopted by Council during the year	Prepaid rates are refundable until the taxable event for the rates has occurred	When rates notice is issued
Service charges	Charge for specific service	Over time	Payment dates adopted by Council during the year	Refund in event monies are unspent	When rates notice is issued
Grant contracts with customers	Community events, minor facilities, research, design, planning evaluation and services	Over time	Fixed terms transfer of funds based on agreed milestones and reporting	Contract obligation if project not complete	Output method based on project milestones and/or completion date matched to performance obligations as inputs are shared
Grants, subsidies or contributions for the construction of non-financial assets	Construction or acquisition of recognisable non-financial assets to be controlled by the local government	Over time	Fixed terms transfer of funds based on agreed milestones and reporting	Contract obligation if project not complete	Output method based on project milestones and/or completion date matched to performance obligations as inputs are shared
Grants with no contractual commitments	General appropriations and contributions with no specific contractual commitments	No obligations	Not applicable	Not applicable	When right to receive funds
Licences/ Registrations/ Approvals	Building, planning, development and animal management, having the same nature as a licence regardless of naming	Single point in time	Full payment prior to issue	None	On payment and issue of the licence, registration or approval
Pool inspections	Compliance safety check	Single point in time	Equal proportion based on an equal annually fee	None	When rates notice is issued
Other inspections	Regulatory Food, Health and Safety	Single point in time	Full payment prior to inspection	None	Revenue recognised after inspection event occurs
Waste management collections	Kerbside collection service	Over time	Payment on an annual basis in advance	None	When rates notice is issued
Property hire and entry	Use of halls and facilities	Single point in time	In full in advance	Refund if event cancelled within 7 days	On entry or at conclusion of hire

TOWN OF VICTORIA PARK
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2023

2. REVENUE AND EXPENSES (Continued)

(a) Revenue (continued)

Revenue Category	Nature of goods and services	When obligations typically satisfied	Payment terms	Returns/Refunds/Warranties	Timing of revenue recognition
Memberships	Gym and pool membership	Over time	Payment in full in advance	Refund for unused portion on application	Output method over 12 months matched to access right
Fees and charges for other goods and services	Library fees, reinstatements and private works	Single point in time	Payment in full in advance	None	Output method based on provision of service or completion of works
Sale of stock	Kiosk and leisure centre stock	Single point in time	Payment in full at point of sales	Refund for faulty goods	Output method based on goods
Commissions	Commissions on licensing and ticket sales	Over time	Payment in full on sale	None	When assets are controlled
Reimbursements	Insurance claims	Single point in time	Payment in arrears for claimable event	None	When claim is agreed

Consideration from contracts with customers is included in the transaction price.

Revenue Recognition

Revenue recognised during the year under each basis of recognition by nature of goods or services is provided in the table below:

For the year ended 30 June 2023

Nature	Contracts with customers	Capital grant/contributions	Statutory Requirements	Other	Total

17(a)	19,170,004	15,984,157
	28,206,012	24,726,760

SIGNIFICANT ACCOUNTING POLICIES

Cash and cash equivalents

Cash and cash equivalents include cash on hand, cash at bank, deposits available on demand with banks and other short term highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

Restricted financial assets

Restricted financial asset balances are not available for general use by the local government due to externally imposed restrictions. Restrictions are specified in an agreement, contract or legislation. This applies to reserve accounts, unspent grants, subsidies and contributions and unspent loans that have not been fully expended in the manner specified by the contributor, legislation or loan agreement and for which no liability has been recognised.

4. OTHER FINANCIAL ASSETS			
(a) Current assets			
Financial assets at amortised cost		27,000,000	26,000,000
Other financial assets at amortised cost			
Term deposits		27,000,000	26,000,000
Held as		27,000,000	26,000,000
- Restricted other financial assets at amortised cost	17(a)	27,000,000	26,000,000
(b) Non-current assets			
Financial assets at fair value through profit or loss		40,745	36,903
		40,745	36,903
Financial assets at fair value through profit or loss			
Units in Local Government House Trust - opening balance		36,903	36,903
Movement attributable to fair value increment		3,842	-
Units in Local Government House Trust - closing balance		40,745	36,903

Fair value of financial assets at fair value through profit or loss is determined from the net asset value of the units held in the Trust at balance date as compiled by WALGA. The Town purchased 2 units in the Trust.

SIGNIFICANT ACCOUNTING POLICIES

Other financial assets at amortised cost

The Town classifies financial assets at amortised cost if both of the following criteria are met:
- the asset is held within a business model whose objective is to collect the contractual cashflows, and
- the contractual terms give rise to cash flows that are solely payments of principal and interest.

Fair values of financial assets at amortised cost are not materially different to their carrying amounts, since the interest receivable on those assets is either close to current market rates or the assets are of a short term nature. Non-current financial assets at amortised cost fair values are based on discounted cash flows using a current market rates. They are classified as level 2 fair values in the fair value hierarchy (see Note 22 (i)) due to the observable market rates).

Interest received is presented under cashflows from operating activities in the Statement of Cash Flows where it is earned from financial assets that are held for cash management purposes.

Financial assets at fair value through profit or loss

The Town has elected to classify the following financial assets at fair value through profit or loss:
- debt investments which do not qualify for measurement at either amortised cost or fair value through other comprehensive income.
- equity investments which the Town has elected to recognise as fair value gains and losses through profit or loss.

Impairment and risk exposure

Information regarding impairment and exposure to risk can be found at Note 22.

Total trade and other receivables from contracts with customers		362,538	(395,071)	50,678

*Restated - refer to note 30 Correction of Period Error.

SIGNIFICANT ACCOUNTING POLICIES

Rates and statutory receivables

Rates and statutory receivables are non-contractual receivables arising from statutory requirements and include amounts due from ratepayers for unpaid rates and service charges and other statutory charges or fines.

Rates and statutory receivables are recognised when the taxable event has occurred and can be measured reliably.

Trade receivables

Trade receivables are amounts receivable from contractual arrangements with customers for goods sold, services performed or grants or contributions with sufficiently specific performance obligations as part of the ordinary course of business.

Other receivables

Other receivables are amounts receivable from contractual arrangements with third parties other than contracts with customers including grants for the construction of recognisable non financial assets.

Measurement

Trade and other receivables are recognised initially at the amount of the transaction price, unless they contain a significant financing component, and are to be recognised at fair value.

Classification and subsequent measurement

Receivables which are generally due for settlement within 30 days except rates receivables which are expected to be collected within 12 months are classified as current assets. All other receivables such as, deferred pensioner rates receivable after the end of the reporting period are classified as non-current assets.

Trade and other receivables are held with the objective to collect the contractual cashflows and therefore the Town measures them subsequently at amortised cost using the effective interest rate method.

Due to the short term nature of current receivables, their carrying amount is considered to be the same as their fair value. Non-current receivables are indexed to inflation, any difference between the face value and fair value is considered immaterial.

Impairment and risk exposure

Information about the impairment of trade receivables and their exposure to credit risk and interest rate risk can be found in Note 22.

6. INVENTORIES

	Note	2023	2022
		\$	\$
Current			
Stock items		58,808	23,397
Land held for resale			
Cost of acquisition		2,038,136	311,945
		2,096,944	335,342
Non-current			
Land held for resale			
Cost of acquisition		41,986	31,551
Development costs		-	1,736,627
		41,986	1,768,178
Balance at beginning of year		2,103,520	1,333,739
Additions to inventory		35,410	769,781
Balance at end of year		2,138,930	2,103,520

The following movements in inventories occurred during the year:

SIGNIFICANT ACCOUNTING POLICIES

General

Inventories are measured at the lower of cost and net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

Land held for resale

Land held for development and resale is valued at the lower of cost and net realisable value. Cost includes the cost of acquisition, development, borrowing costs and holding costs until completion of development.

Borrowing costs and holding charges incurred after development is completed are expensed.

Gains and losses are recognised in profit or loss at the time of signing an unconditional contract of sale if significant risks and rewards, and effective control over the land, are passed onto the buyer at this point.

Land held for resale is classified as current except where it is held as non-current based on the council's intentions to release for sale.

7. OTHER ASSETS

	2023	2022
	\$	\$
Other assets - current		
Accrued income	851,142	-
Contract assets	453,905	-
	1,305,047	-

SIGNIFICANT ACCOUNTING POLICIES

Other current assets

Other non-financial assets include prepayments which represent payments in advance of receipt of goods or services or that part of expenditure made in one accounting period covering a term extending beyond that period.

Non-current assets held for sale

Assets are classified as held for sale where the carrying amount will be recovered through a sale rather than continuing use and the asset is available for immediate sale with a sale being highly probable.

Non-current assets classified as held for sale are valued at the lower of the carrying amount and fair value less costs to sell.

Contract assets

Contract assets primarily relate to the Town's right to consideration for work completed but not billed at the end of the period.

Impairment of assets associated with contracts with customers are detailed at Note 22(b).

NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2023**

10. FIXED ASSETS (Continued)

SIGNIFICANT ACCOUNTING POLICIES

Fixed assets

Each class of fixed assets within either property, plant and equipment or infrastructure, is carried at cost or fair value (as indicated), less any accumulated depreciation and impairment losses.

Initial recognition and measurement for assets held at cost

Plant and equipment including furniture and equipment is recognised at cost on acquisition in accordance with Financial Management Regulation 17A. Where acquired at no cost, the asset is initially recognised at fair value. Assets held at cost are depreciated and assessed for indicators of impairment annually.

Initial recognition and measurement between mandatory revaluation dates for assets held at fair value

Assets for which the fair value as at the date of acquisition is under \$5,000 are not recognised as an asset in accordance with Financial Management Regulation 17A (5). These assets are expensed immediately.

Where multiple individual low value assets are purchased together as part of a larger asset or collectively forming a larger asset exceeding the threshold, the individual assets are recognised as one asset and capitalised.

Upon initial recognition, cost is determined as the amount paid (or other consideration given) to acquire the assets, plus costs incidental to the acquisition. For assets acquired at zero cost or otherwise significantly less than fair value, cost is determined as fair value at the date of acquisition. The cost of non-current assets constructed by the Town includes the cost of all materials used in construction, direct labour on the project and an appropriate proportion of variable and fixed overheads.

Individual assets that are land, buildings, infrastructure, and investment properties acquired between scheduled revaluation dates of the asset class in accordance with the Town's revaluation policy, are recognised at cost and disclosed as being at fair value as management believes cost approximates fair value. They are subject to subsequent revaluation at the next revaluation date consistent with Financial Management Regulation 17A(4).

Revaluation

The fair value of land, buildings, infrastructure, and investment properties is determined at least every five years in accordance with the regulatory framework. This includes buildings and infrastructure items which were pre-existing improvements (i.e. vested improvements) on vested land acquired by the Town.

At the end of each period, the carrying amount for each asset class is reviewed and, where appropriate, the fair value is updated to reflect current market conditions consistent with Financial Management Regulation 17A(2) which requires land, buildings infrastructure, investment on vested land acquired by the Town.

At the end of each period, the carrying amount for each asset class is reviewed and, where appropriate, the fair value is updated to reflect current market conditions consistent with Financial Management Regulation 17A(2) which requires land, buildings infrastructure, investment properties and vested improvements to be shown at fair value.

For property, plant and equipment and infrastructure, increases in the carrying amount arising on revaluation of asset classes are credited to a revaluation surplus in equity. Decreases that offset previous increases of the same class of asset are recognised against revaluation surplus directly in equity. All other decreases are recognised in profit or loss. Subsequent increases are then recognised in profit or loss to the extent they reverse a net revaluation decrease previously recognised in profit or loss for the same class of asset.

Depreciation

The depreciable amount of all property, plant and equipment and infrastructure, are depreciated on a straight-line basis over the individual asset's useful life from the time the asset is held ready for use. Leasehold improvements are depreciated over the shorter of either the unexpired period of the lease or the estimated useful life of the improvements.

The assets residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

Depreciation on revaluation

When an item of property, plant and equipment and infrastructure is revalued, any accumulated depreciation at the date of the revaluation is treated in the following way:

(i) The gross carrying amount is adjusted in a manner that is consistent with the revaluation of the carrying amount of the asset.

Impairment

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains or losses on disposal

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains and losses are included in the Statement of Comprehensive Income in the period in which they arise.

	2023 Actual	2022 Actual
	\$	\$
Depreciation on right-of-use assets	(16,709)	(66,838)
Finance charge on lease liabilities	(467)	(8,466)
Total amount recognised in the statement of comprehensive income	(17,176)	(75,304)
Total cash outflow from leases	(20,536)	(82,144)
(b) Lease Liabilities		
Current	-	20,069
28(c)	-	20,069

Secured liabilities and assets pledged as security

Lease liabilities are effectively secured, as the rights to the leased assets recognised in the financial statements revert to the lessor in the event of default.

**TOWN OF VICTORIA PARK
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2023**

11. LEASES (Continued)

(b) Lease Liabilities (continued)

SIGNIFICANT ACCOUNTING POLICIES

Leases

At inception of a contract, the Town assesses if the contract contains or is a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

At the commencement date, a right-of-use asset is recognised at cost and lease liability at the present value of the lease payments that are not paid at that date. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Town uses its incremental borrowing rate.

All contracts that are classified as short-term leases (i.e. a lease with a term of 12 months or less) and leases of low value assets are recognised as an operating expense on a straight-line basis over the term of the lease. Details of individual lease liabilities required by regulations are provided at Note 28(c).

Right-of-use assets - measurement

Right-of-use assets are measured at cost. All right-of-use assets (other than vested improvements) under zero cost concessionary leases are measured at zero cost (i.e. not recognised in the Statement of Financial Position). The exception is vested improvements on concessionary land leases such as roads, buildings or other infrastructure which are reported at fair value.

Refer to Note 10 under revaluation for details on the significant accounting policies applying to vested improvements.

Right-of-use assets - depreciation

Right-of-use assets are depreciated over the lease term or useful life of the underlying asset, whichever is the shorter. Where a lease transfers ownership of the underlying asset, or the cost of the right-of-use asset reflects that the Town anticipates to exercise a purchase option, the specific asset is depreciated over the useful life of the underlying asset.

**TOWN OF VICTORIA PARK
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2023**

11. LEASES (Continued)

(c) Lessor - Property, Plant and Equipment Subject to Lease

The table below represents a maturity analysis of the undiscounted lease payments to be received after the reporting date.

	2023 Actual \$	2022 Actual \$
Less than 1 year	23,731	20,069
3 to 4 years	33,759	-
4 to 5 years	72,456	-
> 5 years	104,287	-
	234,233	20,069

SIGNIFICANT ACCOUNTING POLICIES

The Town as Lessor

Upon entering into each contract as a lessor, the Town assesses if the lease is a finance or operating lease.

The contract is classified as a finance lease when the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee.

All other leases not within this definition are classified as operating leases. Rental income received from operating leases is recognised on a straight-line basis over the term of the specific lease.

Initial direct costs incurred in entering into an operating lease (e.g. legal cost, cost to setup) are included in the carrying amount of the leased asset and recognised as an expense on a straight-line basis over the lease term.

When a contract is determined to include lease and non-lease components, the Town applies AASB 15 to allocate the consideration under the contract to each component.

**TOWN OF VICTORIA PARK
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2023**

12. TRADE AND OTHER PAYABLES

Current

	2023 \$	2022 \$
Sundry creditors	2,953,260	3,024,247
Prepaid rates	482,105	1,008,669
Accrued creditor liabilities	643,520	648,603
Accrued payroll liabilities	804,854	255,003
Bonds and deposits held	1,474,544	1,473,193
Payables	-	61,978
	6,358,283	6,471,693

SIGNIFICANT ACCOUNTING POLICIES

Financial liabilities

Financial liabilities are initially recognised at fair value when the Town becomes a party to the contractual provisions of the instrument.

Non-derivative financial liabilities (excluding financial guarantees) are subsequently measured at amortised cost.

Financial liabilities are derecognised where the related obligations are discharged, cancelled, or expired.

The difference between the carrying amount of the financial liability extinguished or transferred to another party and any consideration paid, including the transfer of non-cash assets or liabilities assumed, is recognised in profit or loss.

Trade and other payables

Trade and other payables represent liabilities for goods and services provided to the Town prior to the end of the financial year that are unpaid and arise when the Town becomes obliged to make future payments in respect of the purchase of these goods and services. The amounts are unsecured, are recognised as a current liability and are usually paid within 30 days of recognition. The carrying amounts of trade and other payables are considered to be the same as their fair values, due to their short-term nature.

Prepaid rates

Prepaid rates are, until the taxable event has occurred (start of the next financial year), refundable at the request of the ratepayer. Rates received in advance are initially recognised as a financial liability. When the taxable event occurs, the financial liability is extinguished and the Town recognises income for the prepaid rates that have not been refunded.

The aggregate amount of the performance obligations unsatisfied (or partially unsatisfied) in relation to these contract liabilities was \$329,832 (2022: \$124,125)

The Town expects to satisfy the performance obligations, from contracts with customers unsatisfied at the end of the reporting period, within the next 12 months.

Reconciliation of changes in capital grant/contribution liabilities

Opening balance	2,686,428	-
Additions	274,275	2,686,428
	<u>2,960,703</u>	<u>2,686,428</u>

Expected satisfaction of capital grant/contribution liabilities

Less than 1 year	2,960,703	2,686,428
	<u>2,960,703</u>	<u>2,686,428</u>

Performance obligations in relation to capital grant/contribution liabilities are satisfied as project milestones are met or completion of construction or acquisition of the asset.

SIGNIFICANT ACCOUNTING POLICIES

Contract liabilities

Contract liabilities represent the Town's obligation to transfer goods or services to a customer for which the Town has received consideration from the customer. Contract liabilities represent obligations which are not yet satisfied. Contract liabilities are recognised as revenue when the performance obligations in the contract are satisfied.

Capital grant/contribution liabilities

Capital grant/contribution liabilities represent the Town's obligations to construct recognisable non-financial assets to identified specifications to be controlled by the Town which are yet to be satisfied. Capital grant/contribution liabilities are recognised as income when the obligations in the contract are satisfied.

Fair values for non-current capital grant/contribution liabilities, not expected to be extinguished within 12 months, are based on discounted cash flows of expected cashflows to satisfy the obligations using a current borrowing rate. They are classified as level 3 fair values in the fair value hierarchy (see Note 24) due to the unobservable inputs, including own credit risk.

14. BORROWINGS

	Note	2023			2022		
		Current	Non-current	Total	Current	Non-current	Total
Secured		\$	\$	\$	\$	\$	\$
Loans		2,990,300	9,447,756	12,438,056	3,038,595	12,438,056	15,476,651
Total secured borrowings	28(a)	<u>2,990,300</u>	<u>9,447,756</u>	<u>12,438,056</u>	<u>3,038,595</u>	<u>12,438,056</u>	<u>15,476,651</u>

Secured liabilities and assets pledged as security

Loans are secured by a floating charge over the assets of the Town of Victoria Park.

The Town of Victoria Park has complied with the financial covenants of its borrowing facilities during the 2023 and 2022 years.

SIGNIFICANT ACCOUNTING POLICIES

Borrowing costs

The Town has elected to recognise borrowing costs as an expense when incurred regardless of how the borrowings are applied.

Fair values of borrowings are not materially different to their carrying amounts, since the interest payable on those borrowings is either close to current market rates or the borrowings are of a short term nature. Borrowings fair values are based on discounted cash flows using a current borrowing rate. They are classified as level 3 fair values in the fair value hierarchy (see Note 24) due to the unobservable inputs, including own credit risk.

Risk

Details of individual borrowings required by regulations are provided at Note 28(a). Information regarding exposure to risk can be found at Note 22.

15. EMPLOYEE RELATED PROVISIONS

	2023 \$	2022 \$
Employee Related Provisions		
Current provisions		
Employee benefit provisions		
Annual leave	2,057,185	2,039,931
Long service leave	1,646,359	1,473,189
Other employee leave provisions	1,006,490	730,045
	<u>4,710,034</u>	<u>4,243,165</u>
Employee related other provisions		
Employment on-costs	256,722	-
	<u>256,722</u>	<u>-</u>
Total current employee related provisions	<u>4,966,756</u>	<u>4,243,165</u>
Non-current provisions		
Employee benefit provisions		
Long service leave	328,085	328,352
Other employee leave provisions	29,383	31,149
	<u>357,468</u>	<u>359,501</u>
Total non-current employee related provisions	<u>357,468</u>	<u>359,501</u>
Total employee related provisions	<u>5,324,224</u>	<u>4,602,666</u>

Provision is made for benefits accruing to employees in respect of wages and salaries, annual leave and long service leave and associated on costs for services rendered up to the reporting date and recorded as an expense during the period the services are delivered.

Annual leave liabilities are classified as current, as there is no unconditional right to defer settlement for at least 12 months after the end of the reporting period. Assessments indicate that actual settlement of the liabilities is expected to occur as follows:

	Note	2023 \$	2022 \$
Amounts are expected to be settled on the following basis:			
Less than 12 months after the reporting date		1,460,601	1,203,559
More than 12 months from reporting date		3,863,623	3,399,107
		<u>5,324,224</u>	<u>4,602,666</u>
Expected reimbursements of employee related provisions from other WA local governments included within other receivables		-	178,894

SIGNIFICANT ACCOUNTING POLICIES

Employee benefits

The Town's obligations for employees' annual leave, long service leave and other employee leave entitlements are recognised as employee related provisions in the Statement of Financial Position.

Short-term employee benefits

Provision is made for the Town's obligations for short-term employee benefits. Short-term employee benefits are benefits (other than that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the benefits) termination related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

The Town's obligations for short-term employee benefits such as wages, salaries and sick leave are recognised as a part of current trade and other payables in the statement of financial position.

Other long-term employee benefits

Long-term employee benefits provisions are measured at the present value of the expected future payments to be made to employees. Expected future payments incorporate anticipated future wage and salary levels, durations of service and employee departures and are discounted at rates determined by reference to market yields at the end of the reporting period on government bonds that have maturity dates that approximate the terms of the obligations. Any remeasurements for changes in assumptions of obligations for other long-term employee benefits are recognised in profit or loss in the periods in which the changes occur.

The Town's obligations for long-term employee benefits are presented as non-current provisions in its statement of financial position, except where the Town does not have an unconditional right to defer settlement for at least 12 months after the end of the reporting period, in which case the obligations are presented as current provisions.

18. CONTINGENT LIABILITIES

Under the *Contaminated Sites Act 2003* the Town is required to report known and suspected contaminated sites to the Department of Water and Environmental Protection (DWER). In accordance with the Act, DWER classifies these sites on the basis of the risk to human health, the environment and environmental values. Where sites are classified as "contaminated – remediation required" or "possibly contaminated – investigation required", the Town may have a liability in respect of investigation or remediation expenses.

The Town has identified one site as contaminated - remediation required. Refer to details in Note 21(d). Until the Town conducts an investigation to determine the presence and scope of contamination, assess the risk, and agree with DWER on the need and criteria for remediation, the Town is unable to estimate the potential costs and timing outflows associated with remediation of this site.

19. CAPITAL COMMITMENTS

Contracted for:

	2023 \$	2022 \$
- capital expenditure projects	2,487,208	277,574
- plant & equipment purchases	442,641	436,842
	2,929,849	714,416
Payable:		
- not later than one year	2,929,849	714,416

SIGNIFICANT ACCOUNTING POLICIES

Capital Commitments

The capital expenditure commitment outstanding at the end of the current reporting period represents commitments relating to property, plant, equipment and infrastructure projects that have been carried forward to next financial year.

21. INVESTMENT IN ASSOCIATES

(a) Investment in associates

Set out in the table below are the associates of the Town. All associates are measured using the equity method. Western Australia is the principal place of business for all associates.

Name of entity	% of ownership interest		2023 Actual \$	2022 Actual \$
	2023	2022		
Mindarie Regional Council (Refer to Note 21(b))	8.33%	8.33%	11,055,701	9,668,428
Tamala Park Regional Council (Refer to Note 21(c))	8.33%	8.33%	3,901,482	4,542,991
Total equity-accounted investments			14,957,183	14,211,419

(b) Share of investment in Mindarie Regional Council

The Town, along with 6 other local governments is a member of the Mindarie Regional Council. The Mindarie Regional Council's objective is to establish and operate a long term refuse disposal site on Mindarie Super Lot 118. The Town has contributed its share of the land and establishment costs of the refuse disposal facility and it uses the refuse disposal facility operated by Mindarie Regional Council to deposit non-recyclable waste collected as part of the Town's domestic and commercial waste services.

21. INVESTMENT IN ASSOCIATES (Continued)

(c) Share of investment in Tamala Park Regional Council (subsequently renamed Catalina Regional Council)

The Town, along with 6 other local governments is a member of the Tamala Park Regional Council.

The Tamala Park Regional Council's activities centre around the development of part Lot 118 Mindarie. Lot 118 was initially purchased in 1981 to provide a refuse landfill site for member councils of the Mindarie Regional Council. This lot is now being developed with a purpose of creating a new urban land development and a new urban community.

The investment in the Tamala Park Regional Council has been recognised at the value of its equity contributions. The Town has undertaken a revaluation of its investments to fair value according to *Local Government (Financial Management) Regulations 1996*.

21. INVESTMENT IN ASSOCIATES (Continued)

(d) Contingent liabilities from investments in associates

Contingent liabilities - associates

Share of contingent liabilities incurred jointly with other investors of the associate

In February 2020, MRC received its first Mandatory Auditor's Report (MAR) as requested by the Department of Water and Environmental Regulation (DWER) in respect to the Tamala Park Waste Management Facility (TPWMF) site. Among other things, the purpose of the MAR is to confirm that earlier investigations adequately characterised the contamination status of the site and whether potentially significant risks to human health, the environment or environmental values exist on-site or off-site.

The MRC received a second iteration of the MAR in November 2021, which has further assessed the contamination status of the site. In reaching their conclusion, the independent auditor has evaluated the information contained in the investigative reports as generally complete, accurate and compliant with the relevant guidelines. Also, the assessments were sufficient to define the potential extent and types of contamination.

The MAR auditor has determined, based on the analysis contained in the assessed reports, that the site remains suitable for ongoing use as a Class II landfill ('source site'). Likewise, the affected site to the north of the facility remains suitable for its current use as a development buffer zone ('affected site'). A summary of findings for the source site are listed below; Source site:-

- All soil samples returned results below established criteria.
- Groundwater results indicate impact to the aquifer immediately below the landfill levels above relevant drinking water established criteria, although some results are reflective of naturally occurring conditions. Groundwater on site remains suitable for controlled industrial use on site without an unacceptable risk.
- Landfill gas results indicate that the existing extraction system is working effectively, with negligible detection of landfill gas outside the extraction network.

Affected site:

- Groundwater results indicate some contaminants above relevant drinking water established criteria. Elevated levels of some identified contaminants are also known to occur naturally in the local environment.
 - No landfill gas detected outside the site boundary.
- Currently, DWER has classified the site as "Contaminated – Remediation Required" and the affected site as "Contaminated – Restricted Use".

The MAR report received in November 2021 required further investigation to confirm 2 main areas:

- Adequacy of the landfill gas monitoring network and assessment of the potential for offsite migration of landfill gas
- Ongoing assessment of landfill gas and groundwater as part of the ongoing Site Management Plan to inform long term trends and need for mitigation measures.

Since receiving the MAR in November 2021:

Groundwater monitoring

The MRC has commissioned 2 rounds of groundwater testing (December 2021 and June 2021), with the final report on the testing received August 2022. One of the report's conclusions was based on the groundwater monitoring results in 2021, no significant changes to the overall risk profile at the TPWMF, buffer zone and nearby residential development have been identified, compared to the 2020 assessment. This report also recommended ongoing monitoring required and the recommendation to rationalise the groundwater monitoring network and the number of analytical suites included in each sampling round.

Site management plan (SMP)

A SMP was developed and received in May 2022 for the MRC. The SMP is required to provide a management plan for the site to ensure that potential risks associated with soil, landfill gas and groundwater contaminants are appropriately managed for the ongoing use of the site as a landfill facility and leachate management. There are no specific "results" from this plan. This Plan remains an evolving document that addresses the overall management of landfill gas and groundwater based on the latest advice.

Landfill gas monitoring

The most recent gas monitoring report was obtained in Sept 2021 which covered 3 sampling rounds (January to March 2021). One of the report's conclusions was "Under the current site conditions (i.e. active landfill gas extraction and continuous landfill gas monitoring in the workshop), the risks to the site's workers and off-site residents from landfill gas are considered low. The risk to site's infrastructure and terrestrial ecosystem is however considered Negligible." Gas testing was also conducted in December 2021 and October 2022, however, the MRC has not yet received the gas monitoring report for these tests.

At this time, the MRC has no new information to suggest that an additional landfill rehabilitation provision is required to address any specific remediation requirements, nor do the recommendations from groundwater or gas reports recommend any such action.

**TOWN OF VICTORIA PARK
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT

SIGNIFICANT ACCOUNTING POLICIES

Investments in associates

An associate is an entity over which the Town has significant influence, that is it has the power to participate in the financial and operating policy decisions of the investee but not control or joint control of those policies.

Investments in associates are accounted for using the equity method. The equity method of accounting, is whereby the investment is initially recognised at cost and adjusted thereafter for the post-acquisition change in the Town's share of net assets of the associate. In addition, the Town's share of the profit or loss of the associate is included in the Town's profit or loss.

**TOWN OF VICTORIA PARK
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2023**

22. FINANCIAL RISK MANAGEMENT

This note explains the Town's exposure to financial risks and how these risks could affect the Town's future financial performance.

Risk	Exposure arising from	Measurement	Management
Market risk - interest rates	Long term borrowings at variable rates	Sensitivity analysis	Utilise fixed interest rate for borrowings
Credit risk	Cash and cash equivalents, trade receivables, financial assets and debt investments	Aging analysis Credit analysis	Diversification of bank deposits, credit limits, and investment policy
Liquidity risk	Borrowings and other liabilities	Rolling cash flow forecasts	Availability of committed credit lines and borrowing facilities

The Town does not engage in transactions expressed in foreign currencies and is therefore not subject to foreign currency risk.

Financial risk management is carried out by the finance department under policies approved by the council. The finance department identifies, evaluates and manages financial risks in close co-operation with the operating divisions. Council have approved the overall risk management policy and provide policies on specific areas such as investment policy.

(a) **Interest rate risk**

Cash and cash equivalents

The Town's main interest rate risk arises from cash and cash equivalents with variable interest rates, which exposes the Town to cash flow interest rate risk. Short term overdraft facilities also have variable interest rates however these are repaid within 12 months, reducing the risk level to minimal.

Excess cash and cash equivalents are invested in fixed interest rate term deposits which do not expose the Town to cash flow interest rate risk. Cash and cash equivalents required for working capital are held in variable interest rate accounts and non-interest bearing accounts. Carrying amounts of cash and cash equivalents at the 30 June and the weighted average interest rate across all cash and cash equivalents, term deposits, and Treasury bonds held disclosed as financial assets at amortised cost are reflected in the table below.

	Weighted Average Interest Rate	Carrying Amounts	Fixed Interest Rate	Variable Interest Rate	Non Interest Bearing
	%	\$	\$	\$	\$
2023					
Cash and cash equivalents	0.60%	28,206,012	-	28,206,012	-
Financial assets at amortised cost - term deposits	4.27%	27,000,000	27,000,000	-	-
2022					
Cash and cash equivalents	0.20%	24,726,760	-	24,726,760	-
Financial assets at amortised cost - term deposits	0.76%	26,000,000	26,000,000	-	-

Sensitivity

Profit or loss is sensitive to higher/lower interest income from cash and cash equivalents as a result of changes in interest rates.

	2023 \$	2022 \$
Impact of a 1% movement in interest rates on profit or loss and equity*	282,060	247,268

* Holding all other variables constant

Borrowings

Borrowings are subject to interest rate risk - the risk that movements in interest rates could adversely affect funding costs. The Town manages this risk by borrowing long term and fixing the interest rate to the situation considered the most advantageous at the time of negotiation. The Town does not consider there to be any interest rate risk in relation to borrowings. Details of interest rates applicable to each borrowing may be found at Note 28(a).

**TOWN OF VICTORIA PARK
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2023**

22. FINANCIAL RISK MANAGEMENT (Continued)

(b) **Credit risk**

Trade and Other Receivables

The Town's major trade and other receivables comprise contractual non-statutory user fees and charges, grants, contributions and reimbursements. The major risk associated with these receivables is credit risk - the risk that the debts may not be repaid. The Town manages this risk by monitoring outstanding debt and employing debt recovery policies.

The level of outstanding receivables is reported to council monthly and benchmarks are set and monitored for acceptable collection performance.

The Town applies the AASB 9 simplified approach to measuring expected credit losses using a lifetime expected loss allowance for all trade and other receivables. To measure the expected credit losses, receivables from grants, contributions and reimbursements are separated from other trade receivables due to the difference in payment terms and security.

The expected loss rates are based on the payment profiles of trade and other receivables over a period of 36 months before 1 July 2022 or 1 July 2023 respectively and the corresponding historical losses experienced within this period. Historical credit loss rates are adjusted to reflect current and forward-looking information on macroeconomic factors such as the ability of users to settle the receivables.

The loss allowance as at 30 June 2023 and 30 June 2022 was determined as follows for trade and other receivables.

	Current	More than 30 days past due	More than 60 days past due	More than 90 days past due	Total
30 June 2023					
Rate & underground power receivables					
Expected credit loss	0.00%	0.00%	0.00%	0.00%	-

**TOWN OF VICTORIA PARK
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2023**

22. FINANCIAL RISK MANAGEMENT (Continued)

(b) **Credit risk (continued)**

The loss allowances for trade, other receivables and contract assets as at 30 June reconcile to the opening loss allowances as follows:

	Trade receivables		Other receivables		Contract Assets	
	2023 Actual	2022 Actual	2023 Actual	2022 Actual	2023 Actual	2022 Actual
	\$	\$	\$	\$	\$	\$
Opening loss allowance as at 1 July	28,084	-	366,987	190,212	-	-
Increase in loss allowance recognised in profit or loss during the year	12,657	28,084	78,710	366,987	-	-
Receivables written off during the year as uncollectible	-	-	(136,455)	(35,443)	-	-
Unused amount reversed	(28,084)	-	(230,532)	(154,769)	-	-
Closing loss allowance at 30 June	<u>12,657</u>	<u>28,084</u>	<u>78,710</u>	<u>366,987</u>	<u>-</u>	<u>-</u>

Trade, other receivables and contract assets are written off where there is no reasonable expectation of recovery. Indicators that there is no reasonable expectation of recovery include, amongst others, the failure of a debtor to engage in a repayment plan with the Town, and a failure to make contractual payments for a period of greater than 120 days past due.

Impairment losses on rates and statutory receivables, trade, other receivables and contract assets are presented as net impairment losses within other expenditure. Subsequent recoveries of amounts previously written off are credited against the same line item.

Contract Assets

The Town's contract assets represent work completed, which have not been invoiced at year end. This is due to the Town 'not having met all the performance obligations in the contract which give an unconditional right to receive consideration'. The Town applies the simplified approach to measure expected credit losses which uses a lifetime expected loss allowance for all contract assets. To measure the expected credit losses, contract assets have been grouped based on shared credit risk characteristics and the days past due. Contract assets have substantially the same risk characteristics as the trade receivables for the same types of contracts. The Town has therefore concluded that the expected loss rates for trade receivables are a reasonable approximation of the loss rates for the contract assets.

**TOWN OF VICTORIA PARK
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2023**

22. FINANCIAL RISK MANAGEMENT (Continued)

(c) Liquidity risk

Payables and borrowings

Payables and borrowings are both subject to liquidity risk – that is the risk that insufficient funds may be on hand to meet payment obligations as and when they fall due. The Town manages this risk by monitoring its cash flow requirements and liquidity levels and maintaining an adequate cash buffer. Payment terms can be extended and overdraft facilities drawn upon if required and disclosed in Note 17(c).

The contractual undiscounted cash flows of the Town's payables and borrowings are set out in the liquidity table below. Balances due within 12 months equal their carrying balances, as the impact of discounting is not significant.

	Due within 1 year	Due between 1 & 5 years	Due after 5 years	Total contractual cash flows	Carrying values
	\$	\$	\$	\$	\$
2023					
Trade and other payables	5,646,584	-	-	5,646,584	6,358,283
Borrowings	2,990,300	8,988,956	458,800	12,438,056	12,438,056
	8,636,884	8,988,956	458,800	18,084,640	18,796,339
2022					
Trade and other payables	6,924,638	-	-	6,924,638	6,471,693
Borrowings	3,038,595	11,979,226	458,800	15,476,621	15,476,651
Lease liabilities	20,069	-	-	20,069	20,069
	9,983,302	11,979,226	458,800	22,421,328	21,968,413

23. EVENTS OCCURRING AFTER THE END OF THE REPORTING PERIOD

There are no events occurring after the end of the financial year which have significantly affected or may significantly affect the operations of The Town of Victoria Park.

**TOWN OF VICTORIA PARK
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2023**

24. OTHER SIGNIFICANT ACCOUNTING POLICIES

Goods and services tax (GST)
Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).

Receivables and payables are stated inclusive of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with receivables or payables in the statement of financial position.

Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to, the ATO are presented as operating cash flows.

Current and non-current classification
The asset or liability is classified as current if it is expected to be settled within the next 12 months, being the Town's operational cycle. In the case of liabilities where the Town does not have the unconditional right to defer settlement beyond 12 months, such as vested long service leave, the liability is classified as current even if not expected to be settled within the next 12 months. Inventories held for trading are classified as current or non-current based on the Town's intentions to release for sale.

Rounding off figures
All figures shown in this annual financial report, other than a rate in the dollar, are rounded to the nearest dollar. Amounts are presented in Australian Dollars.

Comparative figures
Where required, comparative figures have been adjusted to conform with changes in presentation for the current financial year. When the Town applies an accounting policy retrospectively, makes a retrospective restatement or reclassifies items in its financial statements that has a material effect on the statement of financial position, an additional (third) Statement of Financial Position as at the beginning of the preceding period in addition to the minimum comparative financial report is presented.

Budget comparative figures
Unless otherwise stated, the budget comparative figures shown in this annual financial report relate to the original budget estimate for the relevant item of disclosure.

Fair value of assets and liabilities
Fair value is the price that the Town would receive to sell the asset or would have to pay to transfer a liability, in an orderly (i.e. unforced) transaction between independent, knowledgeable and willing market participants at the measurement date.

As fair value is a market-based measure, the closest equivalent observable market pricing information is used to determine fair value. Adjustments to market values may be made having regard to the characteristics of the specific asset or liability. The fair values of assets that are not traded in an active market are determined using one or more valuation techniques. These valuation techniques maximise, to the extent possible, the use of observable market data.

To the extent possible, market information is extracted from either the principal market for the asset or liability (i.e. the market with the greatest volume and level of activity for the asset or liability) or, in the absence of such a market, the most advantageous market available to the entity at the end of the reporting period (i.e. the market that maximises the receipts from the sale of the asset after taking into account transaction costs and transport costs).

For non-financial assets, the fair value measurement also takes into account a market participant's ability to use the asset in its highest and best use or to sell it to another market participant that would use the asset in its highest and best use.

Interest revenue
Interest revenue is calculated by applying the effective interest rate to the gross carrying amount of a financial asset measured at amortised cost except for financial assets that subsequently become credit-impaired. For credit-impaired financial assets the effective interest rate is applied to the net carrying amount of the financial asset (after deduction of the loss allowance).

Fair value hierarchy
AASB 13 requires the disclosure of fair value information by level of the fair value hierarchy, which categorises fair value measurement into one of three possible levels based on the lowest level that an input that is significant to the measurement can be categorised into as follows:

Level 1
Measurements based on quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date.

Level 2
Measurements based on inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3
Measurements based on unobservable inputs for the asset or liability.

The fair values of assets and liabilities that are not traded in an active market are determined using one or more valuation techniques. These valuation techniques maximise, to the extent possible, the use of observable market data. If all significant inputs required to measure fair value are observable, the asset or liability is included in Level 2. If one or more significant inputs are not based on observable market data, the asset or liability is included in Level 3.

**TOWN OF VICTORIA PARK
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2023**

24. OTHER SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Valuation techniques
The Town selects a valuation technique that is appropriate in the circumstances and for which sufficient data is available to measure fair value. The availability of sufficient and relevant data primarily depends on the specific characteristics of the asset or liability being measured. The valuation techniques selected by the Town are consistent with one or more of the following valuation approaches:

Market approach
Valuation techniques that use prices and other relevant information generated by market transactions for identical or similar assets or liabilities.

Income approach
Valuation techniques that convert estimated future cash flows or income and expenses into a single discounted present value.

Cost approach
Valuation techniques that reflect the current replacement cost of the service capacity of an asset.

Each valuation technique requires inputs that reflect the assumptions that buyers and sellers would use when pricing the asset or liability, including assumptions about risks. When selecting a valuation technique, the Town gives priority to those techniques that maximise the use of observable inputs and minimise the use of unobservable inputs. Inputs that are developed using market data (such as publicly available information on actual transactions) and reflect the assumptions that buyers and sellers would generally use when pricing the asset or liability are considered observable, whereas inputs for which market data is not available and therefore are developed using the best information available about such assumptions are considered unobservable.

Impairment of assets
In accordance with Australian Accounting Standards the Town's assets, other than inventories, are assessed at each reporting date to determine whether there is any indication they may be impaired.

Where such an indication exists, an impairment test is carried out on the asset by comparing the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value in use, to the asset's carrying amount.

Any excess of the asset's carrying amount over its recoverable amount is recognised immediately in profit or loss, unless the asset is carried at a revalued amount in accordance with another Standard (e.g. AASB 116) whereby any impairment loss of a revalued asset is treated as a revaluation decrease in accordance with that other Standard.

**TOWN OF VICTORIA PARK
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2023**

25. FUNCTION AND ACTIVITY

(a) Service objectives and descriptions

Town operations as disclosed in this financial report encompass the following service orientated functions and activities.

Program Name and Objective	Activities
Governance To provide a decision making process for the efficient allocation of scarce resources.	Includes the activities of members of Councils and the administrative support available to the Council for the provision of governance of the district. Other costs relates to the task of assisting elected members and ratepayers on matters which do not concern specific local government services.
General purpose funding To collect revenue to finance Council activities.	Includes the activities of collection rates including differential rates and interim rates, interest and fees on instalment arrangements and interest on arrears. Amounts receivable from the Western Australian Local Government Grants Commission for untied grants such as the Financial Assistance Grants. Interest revenue received on municipal and reserve investments is allocated to this program.
Law, order, public safety To provide services to help ensure a safer and environmentally conscious community.	Provision of community safety through ranger services and equitable parking management services including registering and impounding of cats and dogs. Revenue allocated to this program includes cat and dog registrations, infringements, fees and charges and prosecutions.
Health To provide an operational framework for good community health.	Administration, inspection and operation of programs concerned with the general health of the community through the environmental health area. Revenues and expenses relating to regulation and monitoring of food premises including food sample analysis and noise complaints.
Education and welfare To assist in meeting the education needs of the community.	Administration, support and operation of services for children, youth, seniors and persons with a disability. Provision of community development programs such as community grant .
Community amenities To provide services required by the community.	Administration and operation of the refuse collection and disposal services. Provision of programs for the management and protection of the environment including the Grow it local program. The administration of strategic town planning schemes, planning applications and associated land issues.
Recreation and culture To establish and manage facilities for the well-being of the community.	Administration and operation of the community halls, recreation centres (Aqualife and Leisurelife), parks, sporting facilities and Libraries. Provision of heritage and community programs and events such as Anzac Day Citizenship ceremonies, Remembrance day and Summer street party.
Transport To provide effective infrastructure to the community in the most efficient way.	Administration, maintenance and construction of roads, drainage, footpaths, including road verges, streetscapes, crossovers, road signs, street trees, street signage and street lighting.
Economic services To promote the Town and improve its economic base.	The development, promotion, support and research of economic development issues with the community and progression of urban development projects. Provision of building control and swimming pool inspection services. Revenue allocated to this program includes building application, permit / inspection fees and prosecution collections.
Other property and services To provide services required by the community.	Provision of administrative, leadership, project management and plant operation services.

All reserves are supported by cash and cash equivalents and financial assets at amortised cost and are restricted within equity as Reserve accounts.

**TOWN OF VICTORIA PARK
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2023**

29. RESERVE ACCOUNTS (CONTINUED)

In accordance with council resolutions or adopted budget in relation to each reserve account, the purpose for which the reserves are set aside and their anticipated date of use are as follows:

Name of reserve account	Purpose of the reserve account
Restricted by legislation/agreement	
(a) Public open space - cash in lieu	To be used to within the locality for which the cash in lieu is provided, and where local areas are seen to benefit. Funds to be used in accordance with Section 154 of the <i>Planning and Development Act 2005</i> .
Restricted by council	
(b) Building renewal	To be used to assist in funding renewal initiatives associated with Council's buildings.
(c) Community art	To be used to assist in funding the purchase and placement of art for the Council and community.
(d) Covid-19 recovery reserve	To be used to assist in the funding future programs and projects to support the community and local businesses during COVID-19 recovery.
(e) Drainage renewal	To be used to assist in funding renewal initiatives associated with Council's drainage.
(f) Employee entitlement	To be used to fund the Town's long service leave, annual leave and personal leave requirements and is maintained by an annual contribution to the reserve.
(g) Edward Millen site	To be used to assist in improving and/or maintaining the Edward Millen site, including the associated grounds.
(h) Furniture and equipment renewal	To be used to assist in funding renewal initiatives associated with Council's furniture and equipment.
(i) Future fund	To be used to assist in funding initiatives and purchases that diversify the revenue streams of Council.
(j) Future projects	To assist in funding 'new' and 'upgrade' capital initiatives that are generally significant in nature.
(k) Harold Hawthorne - Carlisle memorial	To assist in funding major appliances/equipment and structural repairs at these Council responsibility facilities.
(l) Information technology renewal	To be used to assist in funding renewal initiatives associated with Council's information technology.
(m) Insurance risk	To be used to assist in meeting any expense outlays in the event of significant insurance claims.
(n) Land asset optimisation	To be used to hold proceeds from, and meet expenses towards, land asset optimisation strategy initiatives.
(o) Other infrastructure renewal	To be used to assist in funding renewal initiatives associated with Council's other infrastructure.
(p) Parking benefits	To be used to accumulate funds including those from parking operations surpluses; alleviating the impacts of intergenerational equity in funding major facilities.
(q) Parks renewal	To be used to assist in funding renewal initiatives associated with Council's parks.
(r) Pathways renewal	To be used to assist in funding renewal initiatives associated with Council's pathways.
(s) Plant and machinery	To be used to assist in funding renewal initiatives associated with Council's plant and machinery.
(t) Renewable energy	To assist in investigating and funding renewable energy initiatives within the district.
(u) Roads renewal	To be used to assist in funding renewal initiatives associated with Council's roads.
(v) Underground power	To be used to assist in funding initiatives associated with the installation of underground power and associated works.
(w) Urban forest strategy	To be used to assist in funding initiatives associated with the urban forest strategy.
(x) Waste management	To be used to assist in funding waste management and waste minimisation initiatives.

**TOWN OF VICTORIA PARK
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2023**

30. CORRECTION OF PRIOR PERIOD ERROR

During the year, the Town identified an error in the accounting for service charges from the SUPP 6 underground power scheme. The service charges were raised in full during the year ended 30 June 2022 for all properties on the scheme, however a statutory receivable was not raised for the full amount of service charges receivable at the time of issue of the rates notices. Due to the material nature of the errors, a correction was raised. The impact of the adjustments is provided below.

Statement of Comprehensive Income (Extract)	2022	Increase/ (Decrease)	2022 (Restated)
	\$	\$	\$
