### **2.1 Apologies**

### **2.2 Approved leave of absence**

### **3 Declarations of interest**

A declaration under this section requires that the nature of the interest must be disclosed. Consequently, a member who has made a declaration must not preside, participate in, or be present during any discussion or decision-making procedure relating to the matter the subject of the declaration. An employee is required to disclose their financial interest and if required to do so by the Council must disclose the extent of the interest. Employees are required to disclose their financial interests where they are required to present verbal or written reports to the Council. Employees can continue to provide advice to the Council in the decision-making process if they have disclosed their interest.

#### **3.2 Declarations of proximity interest**

Elected members (in accordance with Regulation 11 of the Local Government [Rules of Conduct] Regulations 2007) and employees (in accordance with the Code of Conduct) are to declare an interest in a matter if the matter concerns: a) a proposed change to a planning scheme affecting land that adjoins the person's land; b) a proposed change to the zoning or use of land that adjoins the person's land; or c) a proposed development (as defined in section 5.63(5)) of land that adjoins the persons' land.

Land, the proposed land adjoins a person's land if: a) the proposal land, not being a thoroughfare, has a common boundary with the person's land; b) the proposal land, or any part of it, is directly across a thoroughfare from, the person's land; or c) the proposal land is that part of a thoroughfare that has a common boundary with the person's land. A person's land is a reference to any land owned by the person or in which the person has any estate or interest.

#### **3.3 Declarations of interest affecting impartiality**

Elected members (in accordance with Regulation 11 of the Local Government [Rules of Conduct] Regulations 2007) and employees (in accordance with the Code of Conduct) are required to declare any interest that may affect their impartiality in considering a matter. This declaration does not restrict any right to participate in or be present during the decision-making process. The Elected Member/employee is also encouraged to disclose the nature of the interest.

#### Recommendation:

That the Policy Committee recommends that Council schedules a future Policy Committee meeting to be held on 21 August 2023 at 5.30pm.

### Purpose

To set a Policy Committee meeting date after the 2022-2023 financial year and before the 2023 October elections.

### In brief

- In April 2022, Council set the Policy Committee dates for the 2022-2023 financial year, with the final date being 22 May 2023.
- Due to elections scheduled for October 2023, the 2023-2024 financial year meeting dates will not be set until the new Policy Committee members have been appointed.
- It is likely that another Policy Committee will be required prior to elections.

### Background

1. The Policy Committee Terms of Reference were adopted on 29 October 2019 and were last reviewed on 16 June 2020.
2. Over recent years, Council has conducted major reviews of its policies.
3. Policy 001 – Policy development and management states “A policy evaluation is to occur for each policy at least once every four years.”.

### Strategic alignment

<b>Civic Leadership</b>	
Strategic outcome	Intended public value outcome or impact
CL08 - Visionary civic leadership with sound and accountable governance that reflects objective decision-making.	Clear setting of meeting dates assist in allowing the committee to run efficiently and effectively, which in turn helps the community to understand the purpose, structure and function of the committee.

## 7.2 Policy evaluation - Policy 052 - Recording and Live Streaming

<b>Location</b>	Town-Wide
<b>Reporting officer</b>	Manager Governance and Strategy
<b>Responsible officer</b>	Chief Executive Officer
<b>Voting requirement</b>	Simple majority
<b>Attachments</b>	1. Policy-052- Recording-and-live-streaming [7.2.1 - 3 pages]

### Recommendation

That the Policy Committee recommends that Council defer review of Policy 052 – Recording and Live Streaming until changes to the *Local Government Act 1995* and associated regulations are implemented.

### Purpose

That Council defer review of *Policy 052 – Recording and Live Streaming* (Policy 052) until changes to the *Local Government Act 1995* (the Act) are implemented.

### In brief

- Policy 052 has been adopted by Council to guide the implementation of the audio and video recording, and live steaming, of meetings of Council and electors, and to establish how audio and video recordings will be used and made available.
- An evaluation of the policy was due to be presented to the Policy Committee in May 2023, however as part of the local government reform process the Local Government Act Amendment Bill 2023 has been passed by both Houses of Parliament and at the time of writing this report is awaiting Royal Assent.
- The Bill provides an ability for regulations to be made, including new requirements for recording of meeting proceedings.

### Background

1. Policy 052 was first adopted by Council at its meeting held on 9 June 2015 (Item 10.1 refers) and has been amended on a number of occasions since that time.
2. The purpose of this policy is to guide the implementation of the audio and video recording and live steaming of meetings of Council and electors, and to establish how audio and video recordings will be used and made available.
3. Council at its meeting held on 12 April 2022 (Item15.6 refers) resolved for Policy 052 to be reviewed and evaluated by May 2023.
4. On 11 May 2023, the Local Government Act Amendment Bill 2023 passed through both Houses of Parliament which is intended to progress a number of reforms to the operations of local governments. The Bill provides, among other things, for regulations to be made to require the live streaming and recording of meetings, offering greater transparency into decision-making processes at council meetings.
5. The State Government intends to establish a tiered requirement for band 1 and 2 local governments to live stream broadcasts, while band 3 and 4 local governments will be required to publish audio recordings of meetings at a minimum. The Town is classed as a Teir 2 local government and currently

streams both its Agenda Briefing Forums and Council meetings over its website, as well as makes the recording available.

6. The new Regulations to be introduced, but yet to be developed, will now provide that all proceedings on confidential items must be recorded and provided to the Department of Local Government, Sport and Cultural Industries, if requested. This is not currently undertaken by the Town.

## Strategic alignment

Civic Leadership	
Community priority	Intended public value outcome or impact
CL3 - Accountability and good governance.	The policy has been established to provide greater access to the community on activities and decisions made at Council meetings.

Reputation	Inconsistency with legislation could affect Town's reputation	Low	Unlikely	Low	Low	Amend policy when legislation implemented if inconsistent or where the Local Government Act 1995 or any other legislation supersedes the policy.
Service delivery	Not applicable				Medium	

## Financial implications

<b>Current budget impact</b>	An allocation has been made in the Town's 2022-23 budget to address future requirements for the Council Chamber that will consider the new requirements for recording.
<b>Future budget impact</b>	Not applicable.

## Analysis

- As part of the 2022-23 Corporate Business Plan, a scope of work is currently being developed investigating improvements to audio visual system in the Council Chamber. This project will now need to consider changes to the current recording software for meetings and associated processes, specifically recording of proceedings that are confidential and not open to the public.
- While it is not expected that any new regulations will affect the policy direction and requirements, and the current policy provisions are still sound, it is recommended that the Town defers any changes to the policy until regulation changes are implemented.

<b>Reporting officer</b>	Financial Services Controller
<b>Responsible officer</b>	Chief Financial Officer
<b>Voting requirement</b>	Simple majority
<b>Attachments</b>	1. Policy-312- Transaction-card [7.3.1 - 3 pages]

### Recommendation

That the Policy Committee recommends that Council notes the review of the Transaction Card policy with no changes proposed.

### Purpose

To present the results of the review of the Town's transaction card policy.

### In brief

- The Town's Transaction card policy was last reviewed and amended in April 2021.
- The current policy is considered appropriate, and no changes are proposed.

### Background

1. The policy provides a framework to guide the establishment and implementation of appropriate systems and procedures for incurring expenditure and making payments specific to transaction cards.
2. The Town's powers to procure goods and services using the correct methods whether it is using corporate credit cards, purchasing cards, store cards or other methods available.

### Policy Statement

3. The Town is committed to ensuring the procurement of goods and services is managed appropriately, sustainably and transparently for the benefit of the community using the correct procurement methods.

### Recommendation

That the Policy Committee recommends that Council adopts the amended Policy 352 - Parking work zones at building sites as attached.

### Purpose

To adopt amendments to Policy 352 Parking work zones at building sites.

### In brief

- Policy 351 Residential Parking Permits is subject to frequent requests for amendments from the Community and is currently subject to a petition.
- Policy 352 has been reviewed due to its links to permit parking and to ensure alignment and relevance in formatting and content.
- Additional permit class has been added to allow for periodic maintenance work of high-rise buildings in the Burswood Peninsula precinct.
- Other than formatting and the addition of an additional permit class, no other material changes have been made to policy 352.

### Background

#### Policy review

1. At the OCM 23 February 2023, Council received the petition from Clinton Bielawski requesting Council to provide equitable parking arrangements for residents of Willis Street and adjacent streets. Part of this request, was a review of Policy 351 Residential Parking Permits.
2. Policy 352 is linked to Policy 351 Residential Parking permits, and both are being reviewed to ensure alignment and relevance in terms of formatting and content.
3. Policy 352 has been subject to a request for amendment from Axis Apartments for a review of the Policy to enable ongoing high-rise maintenance at the Burswood Peninsula precinct.
4. Policy 352 was last reviewed and amended 12 April 2022.

## Financial implications

<b>Current budget impact</b>	Sufficient funds exist within the annual budget to address this recommendation.
<b>Future budget impact</b>	Not applicable.

## Analysis

5. Feedback received from the Manager at Axis Apartments is that the current work zone permits are not fit-for-purpose with their unique needs, which require the attendance of a variety of trades for both scheduled and ad-hoc maintenance of the high-rise buildings within the Burswood Peninsula Precinct. This presents a particular problem on Optus event days, when the Town undertakes parking compliance activity.
6. With a view to fully transition to digital permits for all permit types and prevent misuse of paper permits, maintenance permits will be self-serviced by the applicant via the Town's digital permit dashboard, currently being sourced and tested.
7. With an additional permit class, the Ongoing Maintenance Permit, formatting of the Policy has been revised to align with Policy 351.
8. Section 24 (g) of the Policy has been amended to allow for parking contrary to "No Stopping" or "No Parking" conditions where expressly permitted. This has been included to assist with works in high density areas impacted by no stopping restrictions, for example, the Burswood Peninsula, where no other alternative exists.
9. No other material changes have been made to Policy 352.

## 7.5 Policy amendment - Policy 301 - Purchasing

<b>Location</b>	Town-wide
<b>Reporting officer</b>	Manager Finance
<b>Responsible officer</b>	Chief Financial Officer
<b>Voting requirement</b>	Simple majority
<b>Attachments</b>	1. Purchasing Policy 301

### Recommendation

That the Policy Committee recommends that the Council adopts the amended Policy 301 - Purchasing as attached.

### Purpose

To provide the Council with an updated Purchasing Policy to include the three pillars of corporate sustainability and support for local business, disability enterprises or aboriginal businesses.

### In brief

- An amended Policy 301 Purchasing policy to include the consideration of the three pillars of corporate sustainability (social, economic, environmental) and support of local business, disability enterprises or aboriginal businesses as part of the Town's procurement process.

### Background

1. A concept forum was held in December 2021 to discuss how to address triple bottom line sustainability through procurement and one of the outcomes sought was consideration to the current procurement policy.
2. In December 2021 the Town's procurement plans were updated to include a mandatory evaluation section relating to sustainable procurement with a suggested evaluation ranking of between 5% and 20% to be used within appropriate tenders.
3. A policy committee meeting held 22 August 2022 decided that the Policy Committee refer item 7.5 - Review of Policy 301 - Purchasing to a Concept Forum in October 2022 to allow elected members to have a more detailed conversation about the use of weighting for future procurement.
4. Currently, procurement processes do not mandate rules on the use of sustainable procurement, local suppliers, disability enterprises and aboriginal businesses.

### Strategic alignment

#### Civic Leadership

Community priority	Intended public value outcome or impact
CL1 – Effectively managing resources and performance.	Ensure Councils purchasing systems are compliant with legislation and best practice.

CL3 - Accountability and good governance	Ensures Council policy is compliant with legislative requirements.
Economic	
Community priority	Intended public value outcome or impact
EC1 - Facilitating a strong local economy.	Promoting local suppliers and suppliers who support the Town's community needs through local employment, use of local subcontractors or other local suppliers, creation or funding of training opportunities and other initiatives for social inclusion within the local community.
Environment	
Community priority	Intended public value outcome or impact
EN1 - Protecting and enhancing the natural environment.	Minimising damage to the environment by supporting suppliers who have adopted environmentally friendly solutions in their operations and businesses.

## Analysis

5. Following on from the Concept Forum held on October 2022 a further review of Policy 301 Purchasing has been undertaken to include the consideration of the three pillars of corporate sustainability (social, economic, environmental) and support of local businesses, disability enterprises or aboriginal businesses. The changes to the policy will ensure that the qualitative criteria evaluations include consideration to local economic benefit and provides a preference to sustainable procurement through the qualitative assessment.

## 7.6 Policy amendment - Policy 351 - Residential Parking Permits

<b>Location</b>	Town-wide
<b>Reporting officer</b>	Coordinator Parking and Rangers
<b>Responsible officer</b>	Manager Business Services
<b>Voting requirement</b>	Simple majority
<b>Attachments</b>	1. Policy-351- Parking-permits ( Current) [7.6.1 - 7 pages] 2. Policy 351 Parking permits May 2023 [7.6.2 - 6 pages]

### Recommendation

That the Policy Committee recommends that Council adopts the amended Policy 351 - Parking Permits as detailed in Attachment 2.

### Purpose

To adopt amendments to Policy 351 Parking Permits.

### In brief

- Policy 351 Parking Permits is subject to periodic requests for amendments from the Community and is currently subject to a petition.
- Place Planning are moving to de-couple on-site parking minimums for residential and commercial land within the Town.
- De-coupling eligibility for residential parking permits from the R-Codes does not negatively impact the goals of the Integrated Transport Strategy or Parking Management Plan
- Residents will be eligible for one residential parking permit, as per the fees and charges schedule.
- Residential parking permits will be valid within the defined Residential Parking Permit Areas as indicated on the Town's website.

### Background

#### Policy review

1. At the OCM 23 February 2023, Council received the petition and powerpoint presentation from Clinton Bielawski requesting Council provide equitable parking arrangements for residents of Willis Street and adjacent streets. Part of this request, was a review of Policy 351 Parking Permits.
2. Eligibility for residential permits are the subject of periodic requests.
3. Policy 351 Parking permits is linked to Policy 352 Parking work zones at building sites and both are being reviewed to ensure alignment and relevance in terms of content and formatting.
4. Policy 351 Parking Permits was last reviewed and amended April 2022.
5. In response to residential demand and feedback regarding the limitations of one permit/one vehicle as insufficient, the Town changed its internal process (2022) and now permits up to three vehicles to be listed on each residential permit, with only one vehicle being permitted to use the permit at any one time. This gives eligible residents the flexibility to alternate vehicles parked on-street at any one time.
6. The issue of parking permits is in consideration of the Town's endorsed Intergrated Transport Strategy and Parking Management Plan.

7. Residential parking permits is tightly linked to the on-site parking requirements of the State Planning Policy 7.3 Residential Design Codes (R Codes), with eligible residents being afforded one Residential Permit.

## Strategic alignment

Place Planning	<p>There is no reason why Policy 351 couldn't be more flexible and de-coupled from the R-Codes. Permits could be allocated to households and that permit could be used between multiple vehicles and even tradies.</p> <p>Place Planning / Urban Planning will review Local Planning Policy 23 – Parking, later this year with the intent to remove (or at least significantly reduce) minimum parking requirements for businesses, and encourage reduced on-site parking to maximise development potential and efficiencies of space use.</p> <p>Residential permit parking on the street is ok, but a space cannot be guaranteed, and the free availability of spaces does not necessarily encourage mode shift to active transit modes e.g. walking / cycling / public transport or reduce vehicles / household, especially given the high level of accessible to active modes afforded to residents in Vic Park.</p> <p>Residential permit parking on the street is ok, but a space cannot be guaranteed, and the free availability of spaces does not necessarily encourage mode shift to active transit modes e.g. walking / cycling / public transport or reduce vehicles / household, especially given the high level of accessible to active modes afforded to residents in Vic Park.</p> <p>From ITS/PMP perspective congestion has benefits ie. slows traffic so roads safer, makes non-resident parking less attractive / discourages non-resident parking</p> <p>More permits issued will result in less capacity and likelihood of finding a bay, potentially forcing mode shift away from cars.</p>
Street Improvement	<p>A comprehensive analysis of crash data on the section from Albany Highway to Berwick Street has revealed that 40% of the recorded accidents are related to on-street parked vehicles. It is worth noting that allowing residents to</p>

obtain parking permits for durations exceeding 24 hours may increase the occupancy of parked vehicles in the area and consequently heighten the risk of accidents. Therefore, this factor should be taken into account when making parking-related decisions.

## Analysis

8. On review of the existing policy, a high degree of duplication was noted relating to eligibility, the applications process, payment criteria and terms/conditions. This duplication has been removed, with uniform components addressed at the beginning of the Policy. Unique permit information is included under each permit class.
9. The Place Planning team have advised that broadening the eligibility of Residential permits is not seen as misaligning to the Town's Integrated Transport Strategy.
10. Due to on-street capacity constraints, residents who reside on lots with more than 2 dwellings are ineligible to apply.
11. Given parking is free and unrestricted from 8pm each day, existing timed restrictions are seen as sufficient to cater to most visitors' needs. Furthermore, as the impact of loosening the eligibility of residential parking permits is not currently known, it's recommended visitor permits are not made available.
12. Parking capacity on public streets in close proximity to a capital city is a high value offering. The table below shows Local Governments within WA lag those in other states, where it's common practice to apply a charge to residential parking permits.

13. It is prudent to develop Residential Parking Permit Areas giving greater flexibility to residents and also reduce the complexity of administering and enforcing residential parking permits to individual streets. See the following as an example of defined areas within the City of Vincent.

14. It is proposed the Town apply the following Residential Permit Parking (segmented) corridors. Broadening areas in this manner gives flexibility to action the Parking Management Plan without the need to adjust and republish area maps. The following is to be noted:
- (i) Only residents adjacent to timed parking restrictions may apply for a residential parking permit.
  - (a) All other restrictions and relevant Local Law conditions will continue to apply.
  - (b) Due to mixed property use along Albany highway, residential parking permits do not apply in any timed parking areas along Albany Hwy.

15. The example below shows that each corridor will be broken down into segments to contain vehicles in close proximity to the applicants' home address.

### Recommendation

That the Policy Committee recommends that Council adopts the amended Policy 112 – Visual Arts as attached.

### Purpose

To review the content of Policy 112 – Visual Arts (Policy 112).

### In brief

- At its meeting of 21 April 2021, Council adopted a work plan to review several policies. Policy 112 was identified as one of the policies to be reviewed.
- Policy 112 applies to the Town's visual art collection.
- A review of the policy has been completed concluding that the scope of Policy 112 is still relevant and only minor amendments are proposed.

### Background

1. Council adopted Policy 112 – Visual Arts (Policy 112) in 2014.
2. Council last reviewed Policy 112 on 12 April 2022, Council resolution 73/2022.
3. The policy evaluation schedule for 2022/2023 was adopted by the Council at the April 2022 Ordinary Council Meeting (Item 15.6). Policy 112 was one of the policies identified for review.
4. Policy 112 was due to be presented to Policy Committee in February 2023. This item was delayed due to the Notice of Motion (NoM) regarding the Town's Art Collection which could have influenced the intent and detail of the policy. The NoM was discussed at the Council Forum on 6 December 2022, and a report to Council relating to the Town's Art Collection was tabled at the OCM 23 March 2023.
5. This policy guides the Town's aspirations to be a leader of contemporary visual arts and to further develop the cultural identity of the Town of Victoria Park.

## Strategic alignment

Social	
Community priority	Intended public value outcome or impact
S4 - Improving access to arts, history, culture and education.	The Town recognises the important role played by visual arts in expressing the cultural identity of the Town of Victoria Park, as well as the broader benefits of associating a place with art, rather than art with a specific place.

## Engagement

Internal engagement	
Stakeholder	Comments.
Arts Development Officer	Minor amendments suggested to assist clarity of terms / definitions.
External engagement	
Local Government Authorities – City of South Perth, City of Joondalup, City of Subiaco, City of Perth.	Consulted with LGAs to benchmark Policy 112 and best practice pertaining to policy direction.

## Legal compliance

[Section 2.7 of the Local Government Act 1995.](#)

## Risk management consideration

Risk impact category	Risk event description	Consequence rating	Likelihood rating	Overall risk level score	Council's risk appetite	Risk treatment option and rationale for actions
Financial	A lack of clarity amongst Town of Victoria Park stakeholders may lead to financial decisions outside the scope of this policy.	Minor	Likely	Medium	Low	Treat risk by adding Definitions to Policy 112.
Environmental	Not applicable.				Medium	
Health and safety	Not applicable.				Low	

Infrastructure/ ICT systems/ utilities	Not applicable.	Medium	
Legislative compliance	Not applicable.	Low	
Reputation	A lack of clarity amongst Town of Victoria Park stakeholders may lead to operational decisions that create a reputational risk.	Low	Treat risk by adding Definitions to Policy 112.
Service delivery	Not applicable.	Medium	

## Financial implications

<b>Current budget impact</b>	Not applicable.
<b>Future budget impact</b>	Future procurement of artworks for the Town's art collection will be guided by annual budget amounts endorsed by Council in that financial year.

## Analysis

6. The scope of Policy 112 – Visual Art is still relevant.
7. A minor amendment is requested to provide further clarity within the policy:
  - a) Inclusion of definitions to clarify the parameters of the policy to both internal and external stakeholders.
  - b) Update the 'Related Documents' in the policy.
