

**Environmental Protection (Noise) Regulations 1997 - Regulation 13**

**Application for Approval of a Noise Management Plan  
for 'Out of Hours' Construction Noise Activities**

'Out of hours' construction noise activities are those undertaken outside 0700 hours and 1900 hours Monday to Saturday or on a Sunday or Public Holiday.

A Noise Management Plan must be submitted with this application form. The purpose of a Noise Management Plan is to reduce or manage the impact of noisy construction work on surrounding noise sensitive receivers (e.g. residents). Good reasoning must be given as to why the work needs to be completed out of hours. Strict timeframes for project scheduling is generally not an acceptable reason for approval.

This application form, the Noise Management Plan, and payment must be submitted to the Town of Victoria Park's Environmental Health Services **at least 7 days prior to the commencement of the work**, for approval by the CEO, as required by regulation 13 of the Environmental Protection (Noise) Regulations 1997.

**SUBMISSION OF THIS APPLICATION DOES NOT GRANT AUTOMATIC APPROVAL**

**OFFICE USE ONLY**

Receipt Type: 211 - \$190

## Requirements for Noise Management Plans

All Noise Management Plans must include the following information:

1. Names and contact details of relevant parties (mobile phone number and email address) e.g. developer, site manager/supervisor, contractors;
2. Details of the proposed work including –
  - location of the proposed works;
  - purpose of the work and reason why the noisy works need to be undertaken out of hours;
  - details of activities to be conducted as part of the works; and
  - details of the work schedule including dates, times and duration of the work;
3. Details of activities or equipment to be used that may result in noise emissions;
4. Predictions of potential noise levels from the site at noise sensitive receivers;
5. Proposed methods of noise and vibration monitoring during the works;
6. Details of noise and vibration control measures to be implemented;
7. Complaint recording and response procedures, including a copy of the Notice to Residents, and how the notice will be delivered.

**Failure to submit the above information for assessment  
may result in delay or rejection of the application.**
